MY FAVORITE THINGS-SENIOR THESIS SHOW

SF Design Centre & Housed at the University of Sioux Falls

This show highlighted my screen prints for my bachelors of fine arts. The show consisted of 14 pieces that were all purchased by the University of Sioux Falls and homed in the Jeske Fine arts Center. The work made 3 separate showings before its final homing at USF.

The 2 showings were at the Sioux Falls Design center for 2 months, Spirit of Peace Church. All prints from this series were sold and have been reprinted due to its popularity. The series will always continue to grow as I create more works to add to "My Favorite Things".
