

Felixstowe Community Nature Reserve

## Climate Justice Agenda

1. For those who can, walk or cycle on local journeys to reduce their emissions.
2. Use more public transport where possible.
3. Recycle old and obsolete digital devices through [envirofone.com](http://envirofone.com) and similar groups.
4. More use of PV solar panels on local homes, schools, public buildings and business premises.
5. Eat less meat to reduce demand for land to grow cattle feed and therefore reduce deforestation.
6. Encourage local people to own electric or hybrid cars.
7. Use smart meters to monitor and manage domestic energy consumption.
8. Adopt car sharing whenever possible.
9. Use more home insulation to reduce demand for energy.
10. Support Felixstowe's Fairtrade Forum.
11. Local school children to encourage their families to adopt these solutions.
12. Encourage your family, friends and neighbours to do the same.

## The Felixstowe Community Nature Reserve Climate Justice Agenda

1. For those who can, walk and / or cycle on local journeys to reduce their emissions
