- 1. Print a PDF or a CSV File of All Students enrolled into your classes at some point throughout the day which will show the Enrolled courses.
- Lumen ID: You can hover over to view a bit of information about the student, or click on the Lumen ID to view a bit more information. Including: Student Name, Phone number, Last two years of Enrollment, their schedule and grades as well as the last 5 days of attendance.
- Contact Info column and PSM (Print student summary) column: Here you can print a Quick Summary of your students information. A picture of your student as well as contact information for the student, parent and emergency contact. This is a great form to print for Field Trips () (This Quick Summary page can be printed in mass for your class in the Reports application within your course under Students Info Summary Report)
- 4. The Grade Summary Report Column will print the student's grade and percentage for the course they are enrolled in.
