

The background features a dark blue, almost black, space filled with dynamic, glowing blue elements. These include wavy, ribbon-like lines that flow across the frame, and numerous small, bright blue particles or dots that appear to be moving or vibrating, creating a sense of digital energy and motion. The overall aesthetic is futuristic and high-tech.

I told a friend of mine I loved the fabric in her beautiful quilt so she gave me her extra fabric and I made this quilt had to get the border and back

Rita Percer

I made this quilt for my cousins Great-granddaughter. This is my second quilt that I quilted on my Juki. Not perfect but I had fun.

Donna Chipperfield

This is called lovers knot by Eleanor burns. My 96 year old client gave me the book and some of the fabric a couple of years ago. Finally got it done. I am going to give it to a six year old girl.

GDA Quilt

We received the quilt back from Sue Handley just over a week ago. Karen Warloe did the hand sewing portion of the binding and took it to GDA for me. Thanks to everyone who worked on it.

Here is my flower garden wall hanging from our retreat last month. Instead of putting a regular binding on it, I did a facing and added corner pieces so I could hang it with a piece of dowling.
