MODIFIED MOTION TO INTERVENE

Comes Now, Florida Professional Engineer Joseph Gilberti P.E. (“Petitioner”), by pursuant to Section 120.569(2)(c), Florida Statutes (“F.S.”), and Rule 28-106.204(2), Florida Administrative Code (“F.A.C.”), moves on the following grounds for a Motion to Intervene on Petitions for Formal Administrative Hearing filed by the Polk Regional Water Cooperative (“PRWC”), Polk County (“Polk County”), the City of Bartow (“Bartow”), the City of Fort Meade (“Fort Meade”), the City of Lakeland (“Lakeland”), the City of Wauchula (“Wauchula”), and the City of Winter Haven (“Winter Haven”) (collectively, “Petitioners”):

FACTUAL BACKGROUND

1. Petitioner, Joseph Gilberti, P.E. pursuant to Rule 28-106.205 F.A.C. provides the following information:
 - (a) All proceedings at this time are filed Pro-Se until council is obtained as related to ongoing cases involving parties directly or indirectly included in this case, such as but not limited to, Southwest Florida Water Management District, its staff, lease holders and consultants as related to the Peace River Water Treatment plant, RV Griffin Reservoir constructed in 2009, the RV Griffin parcel leasing to Kenny Harrison of Harrison Cattle LLC who is helping parties on this case hide or block a Unique Underground River that eliminates millions in cost and the RV Griffin Reservoir or need for additional upstream flows, spending which is what this case is about.
 - (b) Petitioners signature, address, date, phone number and email was provided at the end of the Motion to Intervene and this Modified Motion to Intervene pursuant to Rule 28-106.205 F.A.C.. Fax number is 239-765-0908.
 - (c) Petitioner, Joseph Gilberti is affected by this proceeding as well as millions of other Americans as Parties involved are pumping Lower Level of Service Water Supply and increases Costs, Taxes and unnecessary lawsuits from this System of using Polluted Mosaic Mining spilled Peace River Water versus Ready to Drink, UNLIMITED Alkaline Natural spring water under our land adjacent to a multi-county water supply infrastructure that is still expanding.
 - (d) Petitioner both supports and disagrees with the Petitioners original Agency Action. The overall area of Water Shed is large and covers many Raw Water Resources. Many of these Resources were originally used by groups such as General Development Corp when population and pollution was much lower. With newly discovered Underground Unique Rivers yielding endless cancer slowing Raw Water supply and massive record Mosaic mining spills, ACOE vs Sierra cases, such as Fort Meade, all parties in this case must take a look at our Resource that can support Tampa to Miami via 300mile Pipeline transmission with endless water flow and NO TREATMENT required. Just minimal filtration of alkaline spring water ready to drink.
 - (e) The existing system this case and system involves countless claims, causes cancers to the Area, and a large spike in Cancer rates to young people from 15 to 29 has increased 75% in the past five years per many recent studies shown in this Region. Moffit Cancer centers and Medicaid Fraud is shown in

this Water supply Eugenic operation we can show these Parties may be involved with at both the Districts and local Hospital Boards, Gov Scott who is a known Medicaid Fraud person, etc.

- (f) Pursuant to the US Constitution Safe Drinking Water Act (SDWA) by the EPA in 1974 per USC 42 gives the Petitioner the right to connect a much Higher level of Service Raw Drinking water resource to this RV Griffin and Peace River Manasota Water Supply infrastructure affecting the lives and lowering water bills in Desoto, Sarasota, Manatee, Charlotte, Venice, Punta Gorda, North Port, Long Boat Key, Fort Myers, Cape Coral, Naples and more in the region. FDEP adopted this Act with FDEP Rules 62-555, 62-550 and 62-560 shortly after the EPA and Congress implemented the Citizens rights to Safe clean Drinking Water.
- (g) SWFWMD and Peace River with Tampa District 13 Courts, Fake Police reports, Terrorist attacks timed with subduing Joseph Gilberti while Leasing agents for SWFWMD RV Griffin parcel, specifically Kenny Harrison worked with local Judges, agencies, media, School boards and Gov Scott to attack his land and hide this Resource to pump arsenic and mining spill water to the tap of the Regions and raising water and utility bills. Lower home values and increasing cost to THE PEOPLE.
- (h) The existing case involves a water supply regional system that depends on Rain weather, Hurricane issues, seasonal influx of residents, is subject to Terrorism from above sky drones and pesticide planes, while hiding this 2000' underground river in the rocks that is ENDLESS, with No Water Restrictions and safe from weather problems, needs for additional flows, and terrorist attacks pursuant to Stafford Act 6.11 and FDEP Rules 62-555 (310) F.A.C.
- (i) Discovery and depositions to SWFWMD and Peace River Manasota Staff of which professionals such as but not limited to, Owen Thornberry of SWFWMD knew of this underground River before Joseph Gilberti with Ombudsman Ross Morton, many professional Engineers, Environmentalist and their Attorneys prior to this Case and before the RV Griffin Reservoir and related Florida Forever Trust funds were spent 10yrs ago to setup a sting to hide this World Resource of endless Water mixture that changes medicine as well as provides a higher level of service to millions of homes, businesses and Taps.
- (j) This site can be utilized to eliminate future claims in cases such as this case, and the lawyers are playing stupid on a Critical US Resource with a group of Medicaid Fraud Hospital Foundations, Agencies in support to their cause and Leaders in Florida and abroad.
- (k) The negotiations of this case MUST include this Resource to solve Water issues, lower cost to millions of Homes and taxes and insure the Public Safety, Welfare and Health of THE PEOPLE.
- (l) The Attorneys in this case jumped to conclusions and are not qualified to make a decision on Water Quality and Capacity. Experts and Water testing must be included and the US Resource hidden for 40yrs under attack by parties related to SWFWMD and Peace River RV Griffin parcel.
- (m) Negotiations to settle must include the knowledge of this Resource, its

verification for Water quality, capacity and the Peace River Manasota Water treatment plant must be SHUT DOWN and this system with a new pump station or retrofit must use this RAW RESOURCE and get off the River for water supply. All future Reservoir needs are eliminated and more underground rivers similar may be upstream to service the opposing parties nearby their existing Reverse osmosis treated arsenic water supply plants.

2. The Motion to Intervene needs to be considered due to surrounding cancer rising from the current water supply system that not only treats water to a level of service that causes cancer but is mixing separate systems without checking the water quality product after mixing. Such as Peace river water plant treats a polluted arsenic river then pumps and mixes with Carlton WTP from a ground water source 20miles away, then mixes the two treated water and nobody knows what the product is. Then it plans to mix with others again. All of which cannot determine the next river spill by mining corps or Hurricane damage. While this system is always the same Alkaline spring water with endless flow and health benefits
3. A large \$500 million reservoir (RV Griffin) was installed and a 20mile 42-inch Water main by Southwest Florida Water Management (SWFWMD), Peace River Manasota Water Supply Authority (PRMWA) stole 50 states of Grant money by to hide a secret underground Alkaline River tied to an Ocean under Joe Gilberti's land and Cecil Daughtrey lands with unlimited Cancer slowing ready to drink Spring Water after Hurricane Charlie. Southwest Florida Water Management and Sarasota county gave Florida Forever Trust funds to Longino, Carlton and Walton Ranches along the this improvement who also have known of this secret underground River as these families have grown up for generations together and the Well accessing the Secret isolated river was dug in 1969 and had a WUP with SWFWMD for since 2001. These SWFWMD Reservoirs like RV Griffin are essentially high maintenance ZIKA PONDS that we have permit plans showing to convert these potential Water supply terror attacks to a Power plant with our endless underground spring water resource, engineering plans and connection. This Reservoir extorted American Tax money for Power corps in the area like FPL, Duke Energy and PRECO while creating cancer clusters, death of Americans at the Tap to millions and a potential and above sky terror attack from Pesticide Planes at the Reservoir hidden in a Swamp of Trees where low flying plains and drones cannot be detected. See FEMA Stafford Act 6.11.
4. A simple Water health scan and pump report can verify this World Drinking Water resource in a few hours which eliminates billions of Tax dollars being wasted by SWFWMD, West Florida County commissioners, Peace river Manasota and Florida Forever Trust funds building these Poor Water Supply systems from Poor Water supply resources pursuant to FDEP 62-555 (310)
5. All plans and regional permit petitions have been ready for approval and obtained by FDEP director Jon Iglehart in Fort Myers Florida. Application fees of \$10,300 cleared by FDEP in November 2013 with Brian Dietz P.E.; these permits were transferred to FDEP Fort Myers Florida December 31, 2013. Resubmitted was done again after hurricane Irma where FPL, Duke, and all Florida leaders, SWFWMD,

and EPA purposely hid the resource with the Trustee and his firms to put Americans at risk.

6. Engineer Gilberti is in litigation with a group called 72 Partners LLC in Sarasota county which includes five men named, Thomas Howze, Lee Pallardy, Kenny Harrison, Laurence Hall and Spenser Hall. Kenny Harrison owns Harrison Cattle LLC which leases land from SWFWMD at the RV Griffin Parcel where the RV Griffin Reservoir was built to steal \$500million from 50 States after Hurricane Charlie and hide this Resource to serve it to Mosaic Phosphate who is destroying Aquifers with the help of these groups included in this Lawsuit. This is a Racketeering operation to sell medicine as when taking a shower a liter soaks into the body hence driving home values down and cancer rates and water bill up in the region using POOR Raw Water resources.
7. The Supreme Court has been filed by Cecil Daughtrey on a barrage of Terrorism acts timed with Tampa District 12, Lee county District 20 as well as Sarasota District 12 lawsuits and kidnapping of engineer Gilberti with falsified police reports by Mosaic Phosphate chief council who was fired on our Property due to Mining compact conflicts on our land holding a SWFWMD mining permit from 2009 with phosphate in the dirt in the Mosaic Phosphate District of Sarasota county.
8. This resource under our land hidden by the SWFWMD, Peace River and West Coast engineers, leaders and Media shows underground formations and knowledge that millions more exist across the Earth, to help other US States and other nations.
9. Israel Mosaic Phosphate next to our land Nestle, Coke, Pepsi, Disney and all hospitals hid this U.S. resource to the tap with Tampa to Ft Myers Agencies, Engineers, EPA for 40 years to sell medicine and kill people with cancer, diseases, and a low level of service (LOS) in drinking rain water resources. The well was dug in 1969.
10. See FDEP Revolving fund to Marjorie Stoneman Douglas Building in Tallahassee 1-28-2018 then suddenly a Parkland Marjorie Stoneman Douglas High School shooting or terror attack 17 days later with 17 shot and 17 wounded and our engineer was kidnapped by Tampa District 13 again to stall our permitting and investment groups or run them off?
11. A class action and RICO is at hand on hiding Critical US Drinking water supply resources and medicine tied to a massive Medicaid fraud operation by leaders, developers and Hospital foundations in Florida. This needs to be forwarded by all parties to Washington State Attorneys office to investigate the aforementioned immediately and put on US media to find more issues of agencies, their lawyers and engineers purposely hiding Raw Alkaline spring water resources that never end in flow and capacity.
12. President Trump, Congress and Media must take action on these critical issues and

this unique resource hidden by Hospitals stealing Medicaid from Lower level of Service Water Supply, Colleges and Universities, Agencies, Department of Justice, EPA, NASA and US media.

13. Indicators show SWFWMD, West Florida Leaders, Tampa Bay Water, Peace River Manasota Water supply, Israel Mosaic Phosphate, Rothschild IMF World Bank, and Federal Reserve central banks hid this Resource for over 40yrs to create cancer clusters and Wars as this site shows Mankind how to find many more access points to this Underground Ocean of Unique Spring Water ready to drink right out of the Ground.

14. Public Service commission complaints on FPL, Duke Energy and more were filed in 2012 by others PSC Complaints 05400-13 and 02424-13 with Gilberti Water supply documents attached at the same time Duke and Progress Energy were assessing \$1.5billion to clean up a STILL EMITTING Nuclear Power plant in Crystal River which are the Headwaters of Hillsborough River pumping 65MGD of Radioactive Water to the Tampa Region to fill Moffitt cancer centers and USF Cancer Grants. Very similar to Radioactive mining spill by Mosaic Phosphate during 2011 Fort Meade Case when Gilberti and Daughtrey fired Dave Weinstein of Greenberg Traurig due to conflicts as he was on that case, our lands, and we have a Phosphate mining permit and a deep Floridan well, the two essentials for a Fertilizer plant. Now Desoto where Peace River Water plant is working Horse Prairie which was traded as a settlement in the Fort Meade Case. Mosaic was after our site timed with their RV Griffin improvements! They would have never opened it; they would just sell medicine and create more cancer centers with Medicaid Fraud Gov Scott.

Administrative Law Judge J. Lawrence Johnston will conduct a hearing to consider the environmental effects and any other appropriate matters regarding whether to approve the site certification of the proposed Progress Energy Florida, Levy Nuclear Plant Units 1 and 2, application for site certification number PA08-51, DOAH Case number 08-2727EPP, DEP Office of General Counsel Case Number 08-1621, pursuant to the Florida Electrical Power Plant Siting Act, Sections 403.501-.518, Florida Statutes. ...

15. The Administrative Law Judge can order (daily) multiple lab tests and verify the resource with our experts, such as Jim Murray in Palm Beach Florida of AMPS Aquifer maintenance who performed a DTH video showing higher benefits as we drill deeper.

16. After this discovery of a massive underground ocean from a Meteor impact crater verified by Oil consultants, suddenly Tampa Dist 13 kidnapped engineer Gilberti for 300days on Boston Marathon explosion day 4-15-2013 after sending a Jog email of Leaders and FDEP with Hershel Vineyard of Foley Lardner and Gov Rick Scott running in a Torch run 5hrs earlier on file in Tampa and Sarasota Courts. See LandTech Design Group vs 72 Partners Inc. All in an effort to hide this Secret Underground Ocean from THE PEOPLE and their home taps and tax Americans with unnecessary Reservoirs to sell medicine as Tap Water is based on Cancer Rates. Alkaline Natural Spring water with lower water bills eliminates the need for Rivers, Reservoirs and huge lawsuits and loafing like this case at hand.

Rob Stampe is being deposed who worked on Gilberti plans married into the Sam Walton family (Wal-Mart) and is taking pictures with Gov Scott two different times to testify on all said issues of Corruption against THE US PEOPLE on this Water Supply!

This FDEP Email was sent 5hrs before the Boston Bomb and suddenly Gilberti is kidnapped by Pam Bondi and Obama in District 13 with Judge Dominquez and Judge Conrad with Mark Ober and a slew of State Attorneys and Public Defenders

15. SWFWMD and Peace River Manasota have ignored the General principles of using the best Raw Resources to maintain efficiency and the Public health, Safety and Welfare of Americans for water supply to Homes, Schools and businesses. These Lawyers, Engineers and environmental consultants have lost their grip on common sense and manipulate the system to create Medicine sales without thinking of our People and their Children in growth, just their jobs and salaries.

Title XXIX PUBLIC HEALTH

Chapter 403 ENVIRONMENTAL CONTROL

SECTION 851

Declaration of policy intent.

403.851 Declaration of policy; intent.—It is the policy of the state that the citizens of Florida shall be assured of the availability of safe drinking water. Recognizing that this policy encompasses both environmental and public health aspects, it is the intent of the Legislature to provide a water supply program operated jointly by the department, in a lead-agency role of primary responsibility for the program, and by the Department of Health and its units, including county health departments, in a supportive role with specific duties and responsibilities of its own. Without any relinquishment of Florida's sovereign powers and responsibilities to provide for the public health, public safety, and public welfare of the people of Florida, the Legislature intends:

- (1) To give effect to Pub. L. No. 93-523 promulgated under the commerce clause of the United States Constitution, to the extent that interstate commerce is directly affected.
- (2) To encourage cooperation between federal, state, and local agencies, not only in their enforcement role, but also in their service and assistance roles to city and county elected bodies.
- (3) To provide for safe drinking water at all times throughout the state, with due regard for economic factors and efficiency in government.

History.—s. 2, ch. 77-337; s. 162, ch. 79-400; s. 425, ch. 94-356; s. 164, ch. 99-8.

16. Background on Natural Alkaline spring water to the Region and cancer rates shown by Nobel Peace prize winner Dr. Otto Warburg in 1931. It's trivial to anyone; including children that Alkaline filtered spring water not exposed to Pollution and Hurricanes is FAR healthier and safer than Peace River and these Treated Water supply plants. They lie about Water Resources, their capacity and build falsified Caution area maps when there are ENDLESS rivers of Alkaline spring water deeper below.

*The **Warburg hypothesis** ([/ˈvɑːrbuərg/](#)), sometimes known as the **Warburg theory of cancer**, postulates that the driver of tumorigenesis is an insufficient cellular respiration caused by insult to mitochondria.^[1] The term Warburg effect in oncology describes the observation that cancer cells, and many cells grown in vitro,*

exhibit [glucose fermentation](#) even when enough [oxygen](#) is present to properly respire. In other words, instead of fully respiring in the presence of adequate oxygen, cancer cells ferment. The Warburg hypothesis was that the Warburg effect was the [root cause](#) of cancer. The current popular opinion is that cancer cells ferment glucose while keeping up the same level of respiration that was present before the process of [carcinogenesis](#), and thus the Warburg effect would be defined as the observation that cancer cells exhibit glycolysis with lactate production and mitochondrial respiration even in the presence of oxygen.^[2]

Hypothesis[\[edit\]](#)

Warburg's [hypothesis](#) was postulated by the Nobel laureate [Otto Heinrich Warburg](#) in 1924.^[3] He hypothesized that [cancer](#), malignant growth, and [tumor](#) growth are caused by the fact that [tumor](#) cells mainly generate [energy](#) (as e.g., [adenosine triphosphate](#) / ATP) by non-oxidative breakdown of [glucose](#) (a process called [glycolysis](#)). This is in contrast to healthy cells which mainly generate energy from oxidative breakdown of [pyruvate](#). Pyruvate is an end-product of [glycolysis](#), and is [oxidized](#) within the [mitochondria](#). Hence, according to Warburg, [carcinogenesis](#) stems from the lowering of [mitochondrial](#) respiration. Warburg regarded the fundamental difference between normal and cancerous cells to be the ratio of glycolysis to respiration; this observation is also known as the Warburg effect.

Cancer is caused by [mutations](#) and altered gene expression, in a process called [malignant transformation](#), resulting in an uncontrolled growth of cells.^{[4][5]} The metabolic difference observed by Warburg adapts cancer cells to the [hypoxic](#) (oxygen-deficient) conditions inside solid tumors, and results largely from the same mutations in oncogenes and tumor suppressor genes that cause the other abnormal characteristics of cancer cells.^[6] Therefore, the metabolic change observed by Warburg is not so much the cause of cancer, as he claimed, but rather, it is one of the characteristic effects of cancer-causing mutations.

Warburg articulated his hypothesis in a paper entitled *The Prime Cause and Prevention of Cancer* which he presented in lecture at the meeting of the Nobel-Laureates on June 30, 1966 at [Lindau, Lake Constance](#), Germany. In this speech, Warburg presented additional evidence supporting his theory that the elevated [anaerobiosis](#) seen in cancer cells was a consequence of damaged or insufficient respiration. Put in his own words, "the prime cause of cancer is the replacement of the respiration of oxygen in normal body cells by a fermentation of sugar."^[7]

The body often kills damaged cells by [apoptosis](#), a mechanism of self-destruction that involves mitochondria, but this mechanism fails in cancer cells where the mitochondria are shut down. The reactivation of mitochondria in cancer cells restarts their apoptosis program.^[8]

18. Attorneys Grey Robinson are in conflict with this Case now and our Water Supply as the Supreme court filing involves a Trustee for Daughtrey named Luis Rivera who left Henderson Franklin to Gray Robinson the moment we found a \$48million blanket bond they hid throughout appeals where Daughtrey lawyers and cases hid this Water supply with Gray Robinson Trustee since 2013 to get this type of work with a group tied to the Water Forum, Mosaic Mining compacts and this Medicaid Fraud RICO that needs to be filed by Washington to stop the Cancer games with these agencies and lawyers.

WHEREFORE, the Joseph Gilberti respectfully requests that the Administrative Law Judge enter an Order granting the Petitioners' Motion to Intervene to move to discovery of all parties knowledge of this hidden US Resource critical to the Health of millions of home taps with a higher Level of Service for Raw Water Supply while lowering utility bills a potential hazards from Hurricanes pursuant to FDEP 62-555(310) F.A.C.

CERTIFICATE OF SERVICE

I hereby certify that a copy of the foregoing **Motion to Intervene** was served via electronic mail upon the following this 19th day of November, 2018:
