15	Imua	1	10	12	177	69			
16	Pot Luck	0	11	0	212	46			

The standings will not be accurate until all teams have played each opponent an even number of times. At that point the standings are based first on wins and losses. Ties are broken first by head-to-head games then by score differential, then by the team whose opponents score the least and finally by the team that scores the most runs.
