Word Magic:

Time = tic [TICK] (bow tie on top of present "Gift") Monday

Me to past or future

presence = pre sences (for it is the 0 before the 1)

presence is the Universal Present Now u have WON or

We are all Sand Castle builders amongst the waves

Thousand = Thou-Sand (to know many ONE must know WHO HE is & not

let go the past ~ look back at who he was)

sand castles There is always more sand

Family are like a tree: The beginning is Now "the roots" the overall style is "the trunk" and our parents

are like the thicker part of the branch behind "US" ALL with the Universal Promise, that, even if Fruit from one season was Sour, the Next season can always bring sweetness; it is up to you to decide what

The Holy Spirit is the politest of all voices but remember, spirit is your reality hints spirituality

and if you invite other house guest love the Holy Spirit will always be polite and just wait to speak to you the Next day

Hole to Holy to WHOLE; GOD is never

whole without ALL his "SONS of the SUN" back home; May we ALL BE WHOLY Now & we have WON

For ONE will always out weigh the Seconds of TIME

Then shalt not worship other idols, has to do with letting go of who you were, so you can see

you are exactly who you're supposed to be Now we each are just a pen writing a LOVE STORY

in GOD'S Mind and may we all trail in each others Miracles

One must play within the illusion of dualism following "With Blind Faith"; THEIR HEART VOICE

Welcome Home: The Unknown
