7	Mike Noland	633.57	11.5	61.5
8	Frank Gonzalez	200.07	13	13

It was a slow start to the year for most members but we went out with big numbers being posted since our Clinton Lake Event. Tom Witzke went to Shelbyville with both guns pulled and with determination posted 2057.725 points to regain Angler of the Year. Congratulations Tom for a hard-fought year, you deserve it!

It was a beautiful day on the water on Saturday at Shelbyville with eight members attending. There were quite a number of fish caught.

Danny Cossich came in first place with catching fish in 6 Categories thanks to Amy Andrews who put him on the fish and both of them limiting out on Yellow Bass. Just don't ask Amy about the large Channel Catfish that got away and Danny catching

what was believed to be the same fish with the last piece of bait before they left to go back to the dock. But that is what makes fishing fun; having stories to tell when you get back.

Final Results – Angler of the Year

Tom Witzke came in second place with a limit of Crappie; thanks to his guide John Cox who came in 3rd place.

Unfortunately, bad weather moved in overnight with high winds and everyone decided to go home and not fish on Sunday.

Thanks to everyone that participated in the Events this year.

November's Speaker: Mike Norris

On Monday, November 6th the Oswegoland Fishin' Fools will present a talk by Mike Norris. Former outdoor radio host and current guide on Big Green Lake, Mike is always interesting and informative.

Mike is an experienced fishing guide specializing in guiding on the waters of Northern Illinois and Southern Wisconsin for bass, walleye and pan-fish, with expertise on Big Green Lake, WI; the subject of his discussion. He also guides on many other bodies of water, and offers specific trips on many more regional waters upon request
