Cat Adoption Application

Rev 26/12/2021

Dear applicant: Thank you for your interest in adopting from us!

We are an all volunteer, cat rescue servicing Halesowen and surrounding areas.

Our focus is on abandoned and street cats, to ensure they are well, neutered and rehomed or released into safe environments. Our mission is to place all of our animals in loving, permanent homes.

You are not purchasing a pet from us; you are adopting a living, breathing, creature that deserves safety, love and care. Your answers to this questionnaire are assurance to us that the cats we care for are going to good, permanent homes. All of the information on this application is confidential.

We do not use a first-come, first-serve process when adopting out cats. Instead, we focus on best fit for each individual cat, intended to ensure a long-term successful adoption for both the family and pet.

Cats can live for 15-20 years, so please make sure your lifestyle allows the time, patience, and ability to cover expenses your new pet will need over the years. Will you be travelling frequently, moving soon, or having children? Responsible pet ownership includes as-needed and routine veterinary care, quality food, preventative, and other supplies.

You must be at least 18 years old to adopt. All of the cats and kittens available for adoption are fully vetted, which includes a complete veterinarian checkup, spay/neuter, deworming & flea treatment, standard vaccinations.

At times, these cats may require ongoing special care or diets for instance, we will advise prior to confirming any adoption if this is the case.

The adoption fee is £125.00 per cat.

**** when completed please save a copy of your form and attach it via the contact us form or email directly**

What type of cat are you interested in adopting? Check all that apply. *

- Kitten(s)
- Adult
- Senior
- Undecided / no age preference

NOTE: Due to the fluctuating availability of kittens and the high-volume of kitten applications we receive, all kitten applications are placed on a waiting list until a kitten(s) that matches their application becomes available for adoption. Once this happens, we will reach out to you to confirm whether or not you're still looking to adopt before processing your application. As a note, the wait time can take anywhere from a couple days to a couple of months. The reason for this is because kittens need to be in foster homes until they have reached a certain level of socialization and development (based on their age and weight). This wait time is applicable for all kittens, whether they're feral, orphaned, or born in foster care.
