

## **Meet Me on this Matter**

RICH BARON © 2017

Could you meet me on this matter, could we meet real soon,  
I know you don't know me well, well, by this afternoon  
I'll meet you in the village at a small outdoor cafe  
would you meet me on this matter, ah... what do you say?

Would you meet me on this matter, we could sit and talk  
and if I make you nervous, we could take a walk  
I'll meet you on the corner of the dark side of the moon  
would you meet me on this matter, is right now too soon?

Your eyes make me dizzy, it's hard to stand my ground  
your smile could keep me busy, if you stay around

Would you meet me on this matter, could we meet real soon  
I know you don't know me well, well, by this afternoon  
I'll meet you in the village at a small outdoor cafe  
would you meet me on this matter, ah... what do you say?

Your eyes make me dizzy, it's hard to stand my ground  
your smile could keep me busy, if you stay around

So could you meet me on this matter, could we meet real  
soon  
I know you don't know me well, well, by this afternoon  
I'll meet you on the corner or a dark side of the moon  
would you meet me on this matter, is right now too soon?  
would you meet me on this matter, is right now too soon?
