

NET ZERO LIVE MUSIC FLOWCHART

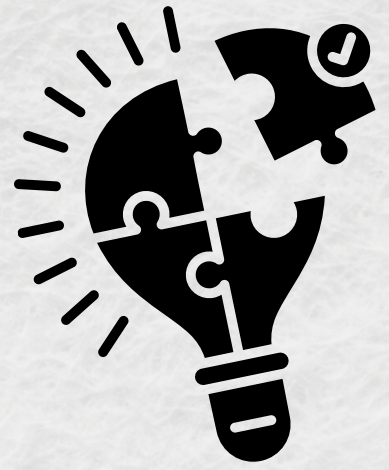

BESPOKE LIVE

01

BRIEF DEVELOPMENT

(EVENT DAY:
-3 MONTHS PLUS)

Developing the brief can begin far in advance, we'll discuss your vision for your celebrations, the live music and budget. We'll shortlist acts from our roster and network, put forward suggested sustainability packages, agree overall requirements and book the acts. We'll also complete a carbon footprint estimation.

02

BESPOKE LIVE MUSIC

(EVENT DAY:
- 6 WEEKS)

With weeks to go, things get really bespoke. Through ongoing dialogue with you, the finer details of the performance brief take shape, from song requests to stage spec. A revised carbon footprint with mitigations identified, actioned and briefed to your musicians.

03

THE PERFORMANCE

(EVENT DAY!)

On event day, you enjoy the best celebration of your lives - your Bespoke Live musicians will deliver amazing entertainment for you and your guests; whether in a ceremony, reception or evening party. On-the-day emissions are tracked and measured.

04

AFTER THE EVENT

(EVENT DAY:
+1 TO 3 MONTHS)

After the event, we're not done yet! We'll reminisce with a souvenir playlist. We'll fulfil donations to identified sustainability partners on your behalf. We'll carbon offset event day travel. We'll share your final report and finally... we'll toast to the future.
