Hope Through Christ

Fundraiser to benefit Tony Stray

The history of Hope Through Christ

We are a faith-based family, dedicated to serving others in need, in our own communities. Since 2003, we have been blessed by your love and support. You have all graciously and generously donated to us and have kept us above water through two transplants and endless hospital visits. We love and thank all of you from the bottom of our hearts. Since my transplants, we have supported others in need to reduce the financial stress that comes with health conditions. Thank you for coming along side us and being a HUGE part of the journey.

This year our recipient is Tony Stray.

Tony is 40 and works in an industry that is unstable. Tony is not always covered with medical insurance. He loves playing OTL. He is loyal, kind, generous, and adores his family (especially his two nephews). Tony has been faced with tremendous medical bills and ongoing treatment/therapy from an unfortunate incident that occurred while playing the game he so loves.

We pray this year, with your help, we can honor and support Tony and his family.

All my love & Thanks Forever,
Becky
