

CATALOGUE
OF
EPITHETS

Catalogue of Epithets

Epithetical practice is a key for deepening our spiritual practice and ramping up our magick. However, it can be off-putting if you're new to using them. They are potent evokers, connected to deep forces, and excellent for expanding my understanding. Epithets can be used to craft wicked spells and expand consciousness.

This catalogue contains many of Hekate's epithets from antiquity, with the modern English spelling, and then the anglicized contemporary spelling based on the ancient Greek and Latin epithets.

The sources of the ancient epithets include a variety of texts, including *The Greek Magical Papyri*, *The Chaldean Oracles*, and other written sources.

English	Ancient	English	Ancient	English	Ancient
All Giver	Pandoteira	Guardian	Phylake	Pastoral	Nomaios
