

APPEARANCES

By C.E. Warner 8-19-21

Two worlds exist, actual and apparent.

Two worlds exist, reality and hope.

Show positive evidence inherent.

Mask your reality behind any trope.

Boasts come easy, virtuous light shone bright.

Positive characteristics highlighted.

Inner ignored, outer mask must be right.

From distance blemishes are farsighted.

Inner eye sees clearly, but truth denied.

Screaming acknowledgement, soul weights on mind.

Fearing judgement set authentic aside.

Reputation better with truth declined.

Character secondary, small impact.

World's memory blind, appearance is fact.
