

OTHERS

By C.E. Warner 10-25-21

Different is dangerous for insecure.

Conformity requires no real thought.

Simple is comforting to immature.

Anger soothes and satisfies mind distraught.

Object of anger has multiple faces,

being different is only requirement.

Be it sex, religion, nations, races,

all required is another alignment.

Life's failures weigh heavily on one's soul.

Responsibility not admitted,

obvious others must be in control.

Own liability is acquitted.

Manifested hatred obscures the truth,

the real reason needs not a sleuth.
