

Kaplan Solutions, Inc.

About Us

Kaplan Solutions, Inc. (KSI) was founded in 2005 by senior management with over 25 years of international trading and distribution experience. KSI brings together offshore suppliers and North American manufacturers and distributors. We strengthen the position of our partners to deliver profitable growth into the 21st century.

KSI is uniquely positioned to provide North American market access to our offshore suppliers. For our suppliers, we offer access to high-quality customers and supply chain solutions in a highly competitive market. Our import experience allows us to deliver to our customers, high-quality raw materials from many of the world's premier manufacturers at a competitive price. We handle all of the difficult tasks associated with importing product including contract negotiation, ocean import and customs clearance, so you can concentrate on your core business.

Our Commitment

KSI brings tremendous value to our business partners. We believe strongly in our commitment to our customers and suppliers and the integrity of our word and contracts. Our commitment to these core values results in long-term and mutually profitable relationships.
