DE Scale

Instructions for Completing this Screening Test: This questionnaire consists of twenty-eight questions about experiences you may have in your daily life. We are interested in how often you have these experiences (only when you are *not under the influence of alcohol or drugs*). When answering, please determine the degree in which the experience described in the question applies to you as a percentage of the time you have the experience. 'Never' corresponds to none of the time and 'Always' corresponds to all of the time. The range covers 0% to 100% in 10% increments.

Please note: You MUST answer every question for the test to score correctly.
