MICRO, MINIATURE AND SMALL ORCHIDS

## ACIANTHERA / PLEUROTHALLIS CRINITA

**Origin:** Brazil & Bolivia

**Temperatures:** Warm to cool growing miniature size creeping orchid species

**Light:** Bright shade

**Watering & fertilizing:** Regular watering and fertilizing year-round

**General care:** Amazing Pleurothallis with stunning spotted leaves and beautiful fuzzy blooms. Grows best under warm to cool conditions, in bright shade, good humidity and air movement letting slightly dry out between waterings. Good quality water only. Excellent for terrariums, vivariums, glass orbs & vases or frog encounters, great for indoor growing, windowsills or greenhouses or outside in proper zones year-round.
