

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

AERANGIS BILOBA

Origin: Africa

Temperatures: Hot to intermediate growing small size orchid species

Light: Bright shade

Watering & fertilizing: Regular watering and fertilizing year-round

General care: Great small orchid species that is an excellent choice for any beginner or African orchid collector. Aerangis plants are known for "ugly leaves" but they for sure have stunning spikes with dozens of beautiful blooms. Grows best under hot to intermediate conditions, shade or bright shade, good air movement and good humidity letting slightly dry out. Can be grown potted or mounted. Excellent for windowsill growing, terrariums / vivariums, greenhouse growing or outside in proper zones.
