MICRO, MINIATURE AND SMALL ORCHIDS

## ANGRAECUM OCHRACEUM

**Origin:** Madagascar

**Temperatures:** Hot to cool growing miniature size orchid species

**Light:** Bright shade

**Watering & fertilizing:** Regular watering year-round.

**General care:** Cute miniature Angraecum species with nice yellow-colored blooms, easy to grow. Grows best under intermediate to warm conditions but can grow cool too, in bright shade, good air movement and high humidity. Can be grown mounted or potted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones, grows great outside in Florida year-round.
