

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

BROUGHTONIA SANGUINEA

Origin: Jamaica

Temperatures: Hot to warm growing small size orchid species

Light: Bright shade or filtered bright light

Watering & fertilizing: Regular watering and fertilizing year-round.

General care: Highly desired aurea/yellow form of this cute small size orchid species. Grows best under hot to warm conditions, in bright light, even direct sun once acclimatized to it, good air movement and good humidity – depending on the humidity, if high, they can go several days without watering. Can be grown potted or mounted but prefers mounted. Great plant for indoor growing on windowsills or greenhouses and outdoors in proper zones.
