MICRO, MINIATURE AND SMALL ORCHIDS

DENDROBIUM RIGIDUM / DOCKRILLIA RIGIDA

Origin: Australia

Temperatures: Hot to intermediate growing miniature size orchid species

Light: Bright light

Watering & fertilizing: Regular watering and fertilizing year-round.

General care: This cute Australian Dendrobium is still not commonly seen in cultivations – as majority Australian Dendrobiums, it has succulent like thick leaves and clusters of beautifully colored and shaped blooms. Grows best under hot to intermediate conditions, in bright light, good air movement and good humidity letting dry out between each watering. Can be grown potted or mounted. Great plant for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
