

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

DENDROCHILUM APOENSE

Origin: Philippines

Temperatures: Cold to intermediate growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round.

General care: One of the smallest ones and also cool growing Dendrochilum species with beautiful orange/yellow spikes full of tiny blooms. These bloom in spring and early summer. Grows best intermediate to cool, potted or mounted, bright shade, and good quality water. Great plants for indoor growing, windowsills or greenhouses and outside in proper zones.
