

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

DOCKRILLIA / DENDROBIUM LICHENASTRUM

Origin: Australia

Temperatures: Hot to cool growing miniature size orchid species

Light: Bright light

Watering & Fertilizing: Regular watering and fertilizing year-round.

General care: Great miniature Australian Dendrobium species with tiny thick leaves, look more like succulent than orchid. Cute beautifully colored blooms. Grows best under warm to cool temperatures, bright light, good air movement, letting dry out between waterings. Due to creeping growing habit does best mounted. Excellent plant for windowsills, greenhouses, vases, and outside year-round in proper zones.
