MICRO, MINIATURE AND SMALL ORCHIDS

## LEPANTHES LEPORINA

**Origin:** Costa Rica

**Temperatures:** Intermediate to cold growing miniature size orchid species

**Light:** Bright shade

**Watering & fertilizing:** Regular watering and fertilizing year-round, high humidity and good quality water.

**General care:** True gem in Lepanthes family, this hard to find miniature Lepanthes species rewards you with stunning huge blooms. It also has one of the most vivid violet colored roots we have ever seen on any Lepanthes! Grows best under cold to intermediate conditions, in shade, good air movement and high humidity. Only good quality water. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors.
