MICRO, MINIATURE AND SMALL ORCHIDS

## LEPANTHES QUADRICORNIS

**Origin:** Colombia

**Temperatures:** Intermediate to cold growing miniature size orchid species

**Light:** Shade

**Watering & fertilizing:** Regular watering and fertilizing year-round

**General care:** This little brother to similar bloom Lepanthes lucifer and Lepanthes felis is very nice compact growing Lepanthes with round leaves and stunning large blooms. Grows best under intermediate to cold conditions, in shade, good air movement, high humidity and good quality water only. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, frog encounters, indoor growing on windowsills or greenhouses and outdoors in proper zones year-round.
