

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

MASDEVALLIA DECUMANA

Origin: South America

Temperatures: Warm to cold growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, good quality water

General care: One of most sought after small Masdevallia species, this is great addition to any collection. Small size plants with stunning huge blooms. Warm tolerant Masdevallia is hard to find too. Grows best under cool to warm conditions, in bright shade, with high humidity, moist but not soggy wet. Can be grown potted or mounted. Great for indoor growing, windowsills or greenhouses, frog encounters and vivariums, glass orbs & vases and outside in proper zones.
