MICRO, MINIATURE AND SMALL ORCHIDS

MASDEVALLIA ZAHLBRUCKNERI

Origin: Central & South America

Temperatures: Hot to cool growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, good quality water

General care: We have another hot growing Masdevallia species, so great candidate for any Florida grower!!! Grows best under hot to cool conditions, in bright shade, high humidity and only good quality water. Can be grown potted or mounted. Great plant for terrariums, vivariums, frog encounters, indoor growing on windowsills or greenhouses and outdoors year-round.
