

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

MAXILLARIA UNCATA

Origin: South America

Temperatures: Hot to cool growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round letting slightly dry out.

General care: Easy to grow small orchid suitable for any beginner. Pencil-like looking thick leaves bloom with colorful blooms constantly throughout the year. They grow best under hot to cool conditions, in bright shade or bright filtered light with good air movement and good humidity letting only slightly drying out. Grows well potted or mounted. Great plants for terrariums, windowsill growing, greenhouses and outside in proper zones.
