

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

NEOCOGNIAUXIA MONOPHYLLA

Origin: Jamaica

Temperatures: Intermediate to cold growing small size orchid species

Light: Bright filtered light

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: This gem is small size orchid species, still quite rare in cultivations, with stunning large orange/red blooms. Grows best under cool to intermediate conditions, in bright filtered light, good air movement and high humidity – similar care to cool Pleurothallis species. Only good quality water and diluted fertilizer. Can be grown potted or mounted but does best when mounted. Great plant for terrariums, vivariums, greenhouses and outdoors in proper zones.
