

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

PLATYSTELE BEATRICIS

Origin: Colombia

Temperatures: Cool to intermediate growing miniature size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: Must have for any miniature orchid lover, this charming miniature orchid is easy to grow and bloom, and spikes constantly throughout the year. Grows best under intermediate to cool conditions, but can take warm temperatures without any issues (we have plants grown outside in hot year-round). Likes bright shade, high humidity, some air movement and good quality water. Can be grown potted or mounted. Great for terrariums, vivariums, frog encounters, glass orbs and windowsills, excellent for greenhouse growing or outside year-round in proper zones.
