

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

PLATYSTELE JOHNSTONII

Origin: Venezuela

Temperatures: Hot to intermediate growing micro size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: This micro creeping orchid gem is very rarely seen in cultivations. Awesome growing habit and beautiful blooms on this tiny baby. Grows best under Hot to intermediate conditions, in bright shade, and high humidity keeping lightly moist. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
