

Bibles

“And the gospel must first be published among all nations.” Mark 13:10

This passage is in the center of a dialogue between Jesus and his inner circle of disciples. He is telling them of a time to come when He admonishes all to Watch and Pray for no man knows when the master of the house will come. What a tragedy if He should come and find us sleeping! Compelled by this passage we continue to PUBLISH THE GOSPEL in the country of Zambia!

Thy Word is TRUTH!

We are so thankful for the partnership of churches and people in the states that are funding, organizing and printing 2000 Nyanja Bibles! We are finalizing the translating of discipleship lessons to be added in the front of each Bible, and will send the digital copy to be printed and assembled. These Bibles will be such a huge help to publishing the Gospel of our Savior Jesus Christ!

Lord willing printing and assembly can be completed in September, and then they can be shipped to us. Please pray with us for this Project!

Bore Holes

The last rains were in April and the dry season is fully upon us. **Now is the Time to DRILL!**

So many villages have no fresh water source. Many have to rely on streams and ponds which by this time of the year are dried up. Our goal is to provide a fresh water well for each church planted as a result of the ministry of Grace and Truth Zambia. We are so thankful for partners in this goal!

We have a drilling rig set to go out to Mpeta Village, about 80 km deep into the bush. Dozens of families will benefit from this well! This will go a long way in showing the Love of Christ, as well as soften peoples hearts to hearing of the Spring of Living water that can heal their soul!

There are many challenges to drilling. New government policies, permits and other red tape, as well as finding fresh water! Many times the drill comes up dry, which not only costs extra, but can be so discouraging! Please be praying for the well in Mpeta, plus the funding for other locations we are hoping to be able to drill!

Bread

We are so thankful for our Pastor and his wife of Big Tree Bible Baptist! They are so faithful to the Lord! Anastazia is one of the most industrious people we know, always learning something! She taught herself to sew by hand and now with a trestle machine, and makes clothes for her family as well as to sell in the local market.

Her most recent adventure is baking buns!

They have dug an earthen baking oven, she has a 28”x20” deep pan that bakes up to 100 buns at a time! She is Proverbs31 woman to be sure! They have four children and are all such a light in their village!

Bikes

Transportation in the village is always a challenge, and we are praying to be able to supply more bicycles as well as a couple of motorcycles to make it possible to deliver the Gospel more readily into the deeper bush regions. Travel time on foot ONE WAY to some of our churches is 5 hours, and in some of the most extreme weather and heat. Pray we can source and fund these necessary ministry tools!
