

2021 FALL EDITION

THE PI CRUST

Building Courageous Leaders

PRESIDENT'S CHARGE

Dear Brothers,

I'm excited to say that our fall semester has been an astounding success. Not only did we initiate the Tau pledge class (who now serve on cabinet), but we were fortunate enough to have 10 outstanding gentlemen accept our bid of brotherhood. Along with this, each and every brother continues to prove themselves a scholar, as we received an award of Superior Academic Achievement, being above the all-men's average GPA for 8 consecutive years.

Even restricted by the pandemic, we found ways to reach out in service to both the local and campus communities. The joint event with the Red Cross had every available appointment booked by both students and locals alike. Our philanthropy team put together a calendar with pictures of brothers in seasonal attire for this coming year, with all the proceedings donated to local charities.

I'm happy to announce that as of now, we will be having an in-person Pig Dinner this coming spring semester. I know that it has been sorely missed by undergraduates and graduates alike, and we are all looking forward to participating in this celebration on the seventh of May.

I wish you all the best of health.

Sincerely,

Luke Stephenson

SERVICE

During the fall semester, brothers participated in many different service projects such as Make a Difference Day where brothers renovated a wheelchair ramp, volunteering at the weigh in station for the annual French Creek Cleanup, and holding our own roadside clean up. In coordination with the American Red Cross, the Pi Chapter hosted the first blood drive on campus since 2019! Two more blood drives are planned for the coming spring semester. The Pi Chapter totaled 342 service hours averaging 18 hours of service per brother this fall semester.

RECRUITMENT

For the Fall Semester, we welcomed three new brothers into our chapter. Salvatore Pasquale '24, Tyler Miller '24, Nathaniel Karom '23 .

Recruitment Chair Andreas Vukas '24 and Tyler Miller '24 organized recruitment events for the chapter to hold and meet potential new members. We had multiple events throughout the semester and had a great time meeting people who share the same values as us. For this upcoming semester, we had 10 accepted bids for the Upsilon class. The Pi Chapter cannot wait to see what the new class are able to accomplish.

ON CAMPUS LIVING

During the Fall 2021 semester, The brothers of Phi Gamma Delta were without a dedicated space for campus living. Now the brothers live in various different dorms on campus. We are in the process of getting various accommodations worked out with the college to have a permanent location on campus. We are actively working with the school to have these arrangements put in place to strengthen the Pi Chapter of Phi Gamma Delta.

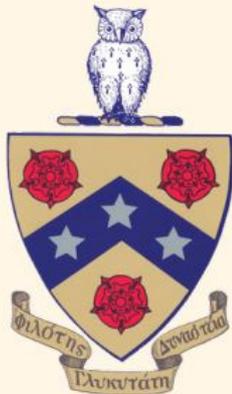

PIG DINNER

We are proud to announce for the time being the Pi Chapter will be having our annual Frank B. Norris Pig Dinner in person! Be on the lookout in the near future for more information regarding this great event.
