

Don's treasure hunt clues originally published in the November, 2022, Newsletter.

“For anyone who didn't get the clues to Don's new treasure hunt, here it is:”

“This hunt will lead you on a path to new places. A passage traveled by many exceptional students following their dreams. What lies ahead is a challenge to find a token worth an ounce of silver. As always there is no need to dig, but a pinpointter is a must. Bring me the token and the treasure is yours!”

“Note: You will need your metal detector. It is in the Montrose city limits. Your computer can be a big help.”
