

The Hoover Service Club was founded by Mrs. Flora Mae Pike and organized on May 5, 1975.

The mission of the club is:

- To give aid to the needy;
- To give aid and promote increased knowledge of the community needs and fulfill these needs as within the realm of the interests of the organization;
- To further education for Hoover school students with scholarships;
- To reward outstanding citizenship among the Hoover school students;
- To recognize outstanding volunteer service to the community by awarding the Flora Mae Pike Community Service Award to deserving Hoover individuals.

A Message from Outgoing President Paula Campbell

What a positive and productive year for HSC 2017-2018 has been! We accomplished so much! This year we had fantastic programs, luncheons, new members and our *Magical Gala!* Because of the success of the Gala, the members have a large amount of money to be distributed for community service and high school scholarships.

We have gained new members to our club all year and are so pleased with the additional members we added during our April Membership Coffee! I hope these members will find committees which will be meaningful to them on which to serve.

At our May meeting, we honored for the first time a couple, Greg and Donna Bishop of Hoover Helps, with the Flora Mae Pike Community Service Award. We installed our new officers and also introduced the scholarship and middle school winners.

I am so proud of my beautiful handmade bowl with the Hoover Service Club logo that I was presented with at our last meeting. I will cherish it and remember each of you. Our club will now be in the capable hands of Elaine Thompson and her board members and committee chairmen.

I hope all of you have a safe and happy summer. I appreciate all of you!

Love, 🍷 Paula

The Flora Mae Pike Community Service Award

The Service Club honored club member Donna Bishop and her husband, Greg, with the Flora Mae Pike Award, given annually to someone who has rendered outstanding volunteer service and leadership to the community. The Bishops were selected for the award because of their work leading the Hoover Helps nonprofit organization that provides food for needy students on the weekends and in the summer.

Congratulations, Donna & Greg!

Community Service

— **Barbara Henry / Jamie Hinson**

Of the remaining \$1,000 in the 2017-18 Community Service budget, \$500 was donated to the Hoover YMCA — designated for “scholarships” for needy children to attend summer programs. And, \$500 went to the *Ben Abercrombie Fund* for the former Hoover High School student-athlete who suffered a spinal injury in his first college football game at Harvard.

Historically Speaking . . .

It's a special treat to have three members who have a long history with our city and Hoover Service Club. On the left is Carole Vandiver who is Flora Mae Pike's granddaughter. In the middle is Helen Hoover Holmes, daughter of William H. Hoover for whom our city was named. And, on the right is Debbie V. Rutherford, the great granddaughter of Flora Mae Pike.

Have a safe and happy Summer!
