## **Chief's Corner** by Bob Davis

Greetings, first of all I would like to thank everyone who helped make our annual Community Picnic happen: the MVFA Board, the Support Group and the Fire Fighters. From the great signs made by Dee Harris that lets us all know when there is an event, to the MVFA Board doing all the planning, shopping and organizing for the event. To the Fire Fighters for setting up and tearing down tables, chairs, pump and hose lines. From the cooking chores to the Support Group running the pump, it was a lot of work, all by volunteers. Fantastic job done by all, THANK YOU.

Several people came up to me at the picnic and stated that we just don't have the turn out like we use to. I believe that we are seeing a lot of younger people moving into the area and the old timers moving out of the District to be closer to town. With the younger people moving up to our District, they are busy with other events, such as their kid's sports in town and just staying active doing their own family thing.

Speaking of families, I don't know if you have noticed the young geese at both Trout and Dyer Lake. Every day I drive by, I see the young ones with their parents with a careful eye out for danger while the youngsters are eating. One afternoon on my way home, as I was coming around the corner by the basketball court, I noticed something in the road. As I got closer, I could not believe what I saw. The geese were all in a line, one behind the other, the young ones close behind their parents waddling their way down the middle of the road on their way to Dyer Lake. I have never seen anything like it. So I stopped and blocked the road as they made their way down to Dyer. I guess they needed a change in grass. Kind of makes sense because the little ones can't fly, so what better way to get from one lake to the other but by lining up everyone and heading out down the road.

We were sent out for a possible vegetation fire last week at the airport. Once on scene, we found a 4x4 pile of burning brush and grass. The person living in the home just moved up on the hill from L. A. and didn't know we had burn restrictions in place. He did have a hose and a shovel at the fire's edge. He was trying to do the right thing by clearing a defensible space around his home.

Remember all burn permits have been suspended for the rest of the summer. That means there is no outdoor burning allowed at all, not in a barrel and definitely not in a pile. If you smell or see smoke, please do not hesitate to call 911. We will be dispatched to check it out. Believe me, we do not regret doing that because it could mean the difference between just putting out a small fire or having to deal with a major problem. There is still a great deal of summer with hot and dry days left, so please be careful with all outdoor activities.

This has been a rather strange summer so far. It seems that one week the temperature will be in the 100's and the next, it is down in the low 70's. Anyway, it is going to do what it is going to do. Be Safe, Chief

## **Mosquito Volunteer Fire Association** by Teresa Wren

The weather was perfect for our annual MVFA picnic at Dyer Lake. This year it was a little cooler than past years and we had a good turn out. The day started off with our local firefighters preparing the site for the picnic. Firefighter Ken Jackson's daughter Krista was right up there pulling those tables and chairs off the trucks getting everything ready. Chef Joe Lima and his crew did a spectacular job cooking and Lynda Lima organized the salads and desserts the community brought to share and kept everything in order. Tom Stuart manned the beer and soda station with a few friends helping.

The kid's games were organized by Dave Fox this

year and I heard everyone had a great time. Jerry Avery spent the whole day manning Pump 75 so the kids could enjoy the fighters spraying them with the fire hose.

We also had the El Dorado County STARS there fingerprinting the children and handing out information on how to keep your children safe. One of the El Dorado County K-9 handlers, Deputy Roberts did a presentation with his partner (dog), Bakus and Jake Pritchard as the "BAD GUY". Deputy Roberts answered questions after the presentation and talked about what life is as a handler.

A special thank you to all who worked on the picnic, donated raffle items, bought tickets for the raffle and especially Dan Fiorillo and the Coca Cola Company for your donation of soda and your continued support over the years.

I would like to thank all the Firefighters, the MVFA Board, Support Group members, Firehouse Crafters and the community who came forward and worked together making the picnic a success.

MVFA's next event is the community yard sale at the Mosquito Fire Station parking lot on Saturday, September 24<sup>th</sup> from 9am to 2pm. The cost is \$20 a space to sell your goods. Please call Teresa Wren at 622-3903 to reserve a space.

See you at the next MVFA board meeting on August 4<sup>th</sup> at 7pm at the Fire Station.

### ***BINGO at the CAFÉ*** by Tom & Dee Harris

YES another BINGO night is just around the corner - Monday August 8<sup>th</sup> starting at 7pm sharp. There is a \$10 buy-in which gets you **three** BINGO cards for all of the games played during the evening. Half of the proceeds go to the Dam Restoration Project and the other half is returned as cash prizes to the BINGO winners so the more card packages sold, the larger the cash prizes.

Want a lite meal before BINGO? The Café doors open at 6:00 serving Lasagna for \$5.50. Beverages and desserts can also be purchased throughout the game. AND, these purchases also support the Fannon Dam Restoration Project.

### **2011 Mosquito Phone Book Updates**

New listings and corrections are published in the BYTE as they are received. After the last "listing" in the 2011 Phone Book there is a section for you to make "additions". Please contact Sharon Hern at 626-5268 with any additions or corrections.

#### **Additions:**

**BAKER**, Jeff & Donna..510-689-9483/ 510-689-9281

### **Fannon Dam Restoration Project** by Neil Matheny

Watching the Veerkamp equipment in operation is like watching a well-choreographed dance with each machine doing its job, knowing when and where to do it and staying out of the way of the others. The high moisture content of the soil has impaired the use of the scrapers and required the dirt to be removed by the excavator and dump trucks. The scrapers will be used to bring the drier dirt back to rebuild the new dam. A D-8CAT has been added to the equipment at the site.

Veerkamp has removed almost all of the dirt from the original dam near the café and spread it out to dry along the south shore of the lakebed. They have also begun spreading dirt on the north shore.

The next tasks are removing the rest of the old dam, locating and inspecting the drain that runs from the lake to the west side of Trail Gulch Road and cutting the "keyway". The keyway is a trench cut along the length of the dam that is about 24 feet wide and 5 feet deep. The keyway will show where the new center of the dam is. When the dirt is properly compacted into the keyway, it helps secure the new dam in place. Excellent documentation of the building of a similar dam can be downloaded as a pdf file at [www.pawsd.org/Stevens-Virtual-Tour.html](http://www.pawsd.org/Stevens-Virtual-Tour.html)

Work around the rest of the facility is continuing. The Boy Scouts are assisting with the installation of bat houses and a crew from Growlersburg Conservation Camp will assist with brush and debris removal from the lakebed.

**Fish get "Dumped On"**

When Finnon was drained, the fish in the lake were moved to the coffer dam. With the warm July weather, the water level began to drop due to evaporation. The Fire Department, however, came to the rescue. During the wildland fire season, the Firefighters and Support Group generally train on water movement using the Water Tenders and Pump 75 so Chief Davis took the opportunity to "move" the water from the supply point to the coffer dam. The training mission was accomplished and the fish got a much needed infusion of fresh water.

Dave & Tom manage the water discharge into the coffer dam

**SCPOA Report**

by Kim Purcell Kirkpatrick

By now everyone should have gotten their June packet and I would like to correct the statement that we made about the chipping program not being funded. We were given bad info, Good News-- it is funded and chipping is available so if you have brush you need chipped you can find instructions on what you need to do as well as fill out the request form on their website at <http://www.edcfiresafe.org/index.php> or contact them at 647-1700.

Johnathan and Kevin have been mowing the common areas, trimming brush and filling potholes as conditions allow. While it's been warm, much of the ground beneath the roads is still wet due to all the rain we had, some areas require more time to dry out before they can be patched. While the roads dry our crew will be working on placing asphalt grindings on some of the unimproved courts and road ends. We have been hoping to get these grindings for several years and Veerkamp Construction has come up with some for us. These will be used on our courts which have never had any thing on them before. It will form a good surface once spread and rolled for a price significantly lower then using asphalt.

As the weather warms more members are using the lakes so we ordered two transfer loads of sand to be placed at both Dyer and Catfish Lakes in the beach areas. The board also approved a plan submitted by Aquatic Environments which was within our budget, to treat Dyer, Trout, Catfish as well as Twin Ponds for

Support Group members ready Pump75 to fill the Water Tenders

Leo & Ralph hook discharge lines to Tender 275

the growth in them. At this time treatments have been done and the lakes look good. The chemicals that are used for these treatments are safe for both wildlife and humans, they are specific to the plants and used in very small doses.

Our secretary Lynda has been doing her best to work with owners who still owe on their assessments, unfortunately we still have over \$100,000 still outstanding with some owners refusing to make any effort to make payments or communicate. Since all of us must make up this difference the board decided to take those members who have made no effort to pay to small claims court, initially eleven cases were approved to take to court. Liens were also approved for another 29 properties and we have one lot which will be going to a foreclosure sale by our collection agency Cimeron.

Our meetings are held on the fourth Thursday of each month starting at 6:00 PM at the Fire Station. Following the regular meeting will be Road and Budget meetings. We hope you will join us to provide your input and ideas

### **Crafters**

by Sharon Hern

The "Crafters" are taking a well deserved vacation for the month of August so there will be **NO** Craft Meeting this month.

The September craft meeting will start our preparations for our annual fall craft sale in November. We will be working on Fall and Holiday crafts. Looking forward to seeing you in September.

### **Fight against Blood Cancers Fundraiser**

by Nese Orlosky

I am making Real homemade Baklava for an AWESOME cause, the Fight against Blood Cancers. I can prepare 11 x 9inch full trays for \$35 or 8 x8 inch full trays for \$20. No additives, no substitutes (real butter), option of pecans, walnuts or both, no guilt attached, 100% of funds raised go towards helping blood cancer patients, their families and research conducted with the Leukemia and Lymphoma Society, it is tax deductible. Please feel free to contact Nese Orlosky at (916) 317-2393 or visit <http://pages.teamintraining.org/rw/nikesf11/norlosky>.

### **CCC - "Cleaning Cooking Calamities"**

(Editors Note: These tips were sent by a subscriber. I haven't tried them so I can't vouch for their accuracy.)

1. You burned the rice/pasta, and now there's a layer of scorched grains covering the bottom of the pot.  
Fix - Fill pot with hot water, toss in a fabric-softening dryer sheet. Let sit overnight. Next morning the burned grains will pour right out.
2. No amount of buffing will lift burnt-on food off your cast-iron pan.  
Fix - Coat the pan with a thick layer of vegetable oil and let sit overnight. Next morning mop up the mess and any excess oil with a paper towel or clean cloth.
3. Your pressure cooker popped open and spurted blackberry jam all over the ceiling.  
Fix - Soak a towel in hot, sudsy water, then drape it over a broom head, rubber-banding it at the handle. "Mop" the mess. Once it's off, remove the soapy residue with a towel soaked in plain water.

### **Antique/Classic Aircraft Display**

by Kim Purcell Kirkpatrick

Want to take an up close look at some airplanes that are 35 years old and older? Now's your chance. Stop by the Swansboro Airport on Friday August 12th, Saturday August 13<sup>th</sup> or Sunday August 14<sup>th</sup> between 10:00 AM and 2:00 PM (Saturday until 4:00PM) and take a look at the aircraft on display. Come see the great variety of aircraft. For further information please contact Kim at 621-1049.

### **News from the Café**

by Frank Ethridge

Rock Creek Café's website is back up and running thanks to Rob Kirkpatrick. Give it a try and check out some of the new features that he has added with more on the way at: [www.rockcreekcafe.com](http://www.rockcreekcafe.com).

The work being done on the dam is in full swing and it looks like they are about half way to removing all of the dam. They start at 7am so come on down and watch and while you're here catch the "Looky Loo" special for \$5.00, a great bargain!

Join us for MVFA's BINGO games on August 8<sup>th</sup> at 7:00 pm at Rock Creek Café. The doors open at 6:00pm for an early dinner (we will be having Lasagna

both meat and veggie) for \$5.50. Also available for purchase are beverages and desserts. The Tee Shirt Fund Raiser is doing very well. We are taking orders for the next set so come down and pre-order yours now, the price will be \$25.00 per shirt. This all supports the Fannon Lake Restoration Project.

Please let us help with any special catering functions that you have planned, we can be reached at 530-622-0210 or at [fwethridge@gmail.com](mailto:fwethridge@gmail.com)

We would like to thank MVFA and everybody on the Hill for their continued support.

Hours for the Café will be open: Monday through Saturday 7am to 8pm and closed on Sundays.

Thank you from the Crew at the Café

### Recipe of the Month

by Chef Frank

#### Mexican Fruit Salad

1 cantaloupe, chopped  
 2-3 jalapenos, minced  
 1 1/2 c. chopped bell peppers (red, yellow green)  
 1/2 c. chopped sweet onions  
 1 1/2 c. chopped Jicama  
 3-4 chopped scallions  
 1/3 c. chopped cilantro  
 Honey or sugar (optional)

#### Dressing:

3 tbsp. lime juice  
 3 tbsp. olive oil  
 3 tbsp. sherry vinegar  
 Mix all together. Chill. Yummy and refreshing!

## Classified Section

The *MOSQUITO BYTE* is available by subscription and is mailed first class to subscribers. Cost of subscription is **\$15.00 per year** with 2 years as the maximum period for Byte subscriptions beyond one year. Please make check payable to MVFA and mail to 9009 Orval Beckett Ct, Placerville, CA, 95667-9040. Deadline for news and advertising is the 19<sup>th</sup> of each month.

#### ADVERTISING POLICY

There is no charge to our subscribers for advertising in the *Mosquito Byte*, however ads must be limited to 7 column lines maximum. Deadline for advertising is the 19<sup>th</sup> of each month. Please note, items for placement in the Classified Section will be accepted **via email** at [sahern@directv.net](mailto:sahern@directv.net) or in writing and mailed to: MVFA at 9009 Orval Beckett Court, Placerville, CA 95667-9040. Ads in the "Free", "For Sale" and "Wanted" category will run for **three months** unless you call to say the item is no longer available, or that you want the ad extended.

The editors reserve the right to edit, limit or refuse any article submitted for publication in the *Mosquito Byte*. The Mosquito Volunteer Fire Association accepts ads from subscribers without endorsement.
