Mosquito Fire Protection District (MFPD)

by Nancy Foley

The Board wants to take this opportunity to provide updates on the vacant Fire Chief position, budget and patch funding provided by the county. First, the Board has been working on hiring a Fire Chief, but it has been a slow process. During the first phase, we conducted outreach through a fire specific internet site to make potential candidates aware of the position and the community. This outreach went to departments and personnel associated with firefighting west of the Mississippi. We had 23 applicants, and a committee narrowed the candidate pool to the top five candidates. These candidates were invited to go through a multi-staged interview process conducted in El Dorado Hills and Mosquito.

The stages of the interview process were conducted by MFPD board members, chiefs of county Fire Departments, the existing Captains with MFPD, other local board representatives, and members of the community. The candidates were then ranked based on individual scoring through the process.

A candidate was selected and given a conditional job offer and a background investigation was conducted by an outside agency. The candidate was successful in passing the background check and a job extended. The Board and the candidate are now in contract negotiations. Due to Brown Act restrictions on meetings and communication, the Board can only communicate as a board on issues and act at noticed meetings. This has impacted the timeline, as has the candidate's availability. The Board's intentions are that the negotiations will be finalized within the month.

Now, to focus on the Department's budget, to date there has been a budget workshop and a budget discussion held at a regular meeting. There may be a second workshop with further discussion at the monthly meetings as we prepare the final budget. This year we did a zero based budgeting drill and worked to cut expenses and purchases to stay within the 2015-2016 budget constraints. The Board accomplished this but had to reduce spending in several areas. With costs continually increasing and equipment and gear aging, the current budget will not sustain our Department in the future. With great input from those in attendance, the Board also discussed options for creating additional income through grants, strike teams and equipment and facility usage. These are just a few of the ideas the Board and community will investigate as we move forward.

Recently, the El Dorado County Board of Supervisors approved the second year of "patch funding" of \$68K for MFPD out of a pool of \$815K shared between 5 other rural county fire districts. The dollars awarded to Mosquito had been earmarked for personnel by the past fire board and will have to be utilized for that purpose now. As always, there are strings attached. As reported in the May 8, 2015 Mountain Democrat, "In return for the funding patch, the fire districts agreed to take a number of aggressive steps toward establishing either financial solvency or making an effort to consolidate with one or more other districts."

The Board of Supervisors, who strongly indicated that the patch funding will not likely be renewed in future fiscal years, hoped that there would have been more applications for consolidation from the fire districts. The Mosquito Fire District has reached out to open discussions regarding chief sharing, full and/or functional consolidation with our neighbors—Garden Valley, Georgetown, and El Dorado Fire Districts. Those talks are no longer active but the above districts left the doors open for future consideration.

These are just a few of the ideas the Board and community will investigate as we move forward.

Recently, the El Dorado County Board of Supervisors approved the second year of "patch

funding” of \$68K for MFPD out of a pool of \$815K shared between 5 other rural county fire districts. The dollars awarded to Mosquito had been earmarked for personnel by the past fire board and will have to be utilized for that purpose now. As always, there are strings attached. As reported in the May 8, 2015 Mountain Democrat, “In return for the funding patch, the fire districts agreed to take a number of aggressive steps toward establishing either financial solvency or making an effort to consolidate with one or more other districts.”

The Board of Supervisors, who strongly indicated that the patch funding will not likely be renewed in future fiscal years, hoped that there would have been more applications for consolidation from the fire districts. The Mosquito Fire District has reached out to open discussions regarding chief sharing, full and/or functional consolidation with our neighbors—Garden Valley, Georgetown, and El Dorado Fire Districts. Those talks are no longer active but the above districts left the doors open for future consideration.

The new editors, Joyce and Karen, wish to thank Candy Lupient for her dedication to and years of editing service for the BYTE!

On a positive note, the FD has two firefighters who just completed the Georgetown Fire Academy. This was a huge personal commitment of both time and energy. Thank you to Lisa Hampton and Chris McClendon for giving your time and effort to benefit our community. I understand they also made our community and FD proud by not only completing the academy, but Firefighter Hampton also graduated at the top of the class.

Finally, thank you also to the community for your continued support of the firefighters who do the job and respond when you call for help.

Please note: The new dates for June is Saturday June 13, 2015 @ 10:00 am. This is not a typical event, but due to the work being done on the 2015-2016 Fiscal Year budget, it was necessary to accommodate vacation schedules and ensure full board attendance.

Mosquito Volunteer Firefighter Association (MVFA) Mission Statement

by **Dave Angelo**

The MVFA Board Member responsibilities require us to 1) be true in thought and work to the mission of MVFA/Mosquito Community, and 2) make sure that our community affairs are always aligned with MVFA goals. These goals and responsibilities, as set forth in the Articles of Incorporation and By Laws, include the following:

1. Provide community activities for the entire community. Examples include community dinners and picnics, food closet for those in need, food baskets and gifts for needy families and shut-ins in the community, food bags for the firefighters and support group on extended duty, Fourth of July fireworks when permissible, written communication/information regarding the fire department, MVFA, SCPOA, and other community news via the Mosquito Byte.
2. Provide monetary and physical assistance to the Mosquito Volunteer Fire Department and its personnel when requested by the Mosquito Fire Chief. Important items provided in the past include a new stove for the fire station, lighted cones, stop signs, fold down emergency signs and CPR mannequins.
3. Manage specific donations from the community directed to MVFA for fire district/department use only, which in the past have included a large wooden table, licensed computer software, wood flooring, paint, stones for front stonework, furniture presently in the Fire Chief's office, three television sets, etc.
4. Sponsor the Firehouse Crafters, whose income is devoted to the various needs in small equipment for the Mosquito Fire Station, the Support Group and other building needs of the fire station. Examples include window blinds, sheetrock for the apparatus room, a shower stall, etc.
5. Support and maintain our Finnon Lake property, which includes Mosquito General Store, Finnon Lake Campground and Finnon Lake, providing community recreation as well as being an important water source for fire suppression and fire department training needs. This property is capable of supporting itself, thanks to the volunteers of the community who have donated untold numbers of hours and monetary contribution.

Mosquito Volunteer Fire Association

by **Darcy Krieger**

We had a great turnout for our annual Cinco de Mayo event this year. Even the weather was perfect! Thanks go out to all of you who contributed so much to make this event a community favorite. Special thanks to Nese Orlosky for the excellent vegetarian enchiladas. Special thanks also to those who baked the yummy Mexican Wedding Cake cookies, that is, Nese Orlosky, Pam Angelo and Sandi Brauns. Our raffle was the biggest and the best ever, and I particularly want to thank those whose generous donations made our raffle so wonderful: Mary Ann Haywood, Sharon and Ralph Hern, Karen Holley, Joyce Radmanovich, Vicki DeKay, Teresa Wren, Eileen Guell, Nicole Beardslee, Kim Purcell, Dee Harris, Dave and Pam Angelo, Sandi Brauns, Mosquito General Market, and Teri Randall. Proceeds from the raffle go towards supporting the volunteer fire fighters, providing community support, and making improvements to Fannon Recreation Area.

The first Trading Post held on May 16th was a huge hit! MVFA had a table selling our new items: coffee mugs and shopping bag. We also had a perennial favorite, Mosquito t-shirts, to sell. If you missed seeing us, we will be at the next Trading Post, which will be held in conjunction with the MVFA Yard Sale on June 6th at the Fire Station.

After the Yard Sale, our next big event is the **MVFA Community Picnic on July 11th**. We will be holding this at Fannon Campground starting at noon. The Trading Post will also be held that day at Mosquito General from 10 a.m. until 12 p.m. We hope everyone will come out, enjoy the Trading Post and then join us for all the usual picnic treats, grilled burgers (both meat and vegetarian), hot dogs, salads, and the piece de resistance, Dawn's yummy pies! We are planning on games and lots of fun for everyone. Cost is \$10 for adults and \$4 for kids. (Under 4 is free.) So please mark your calendar and come out and enjoy the day.

Do you shop at Amazon? Did you know that a portion of proceeds from your purchases can be directed to the charity of your choice? As a 501(c)3 public charity, MVFA is listed on Amazon.com under their smile.Amazon.com program. Once you sign up and indicate that you'd like donations to go to MVFA, Amazon will automatically make a donation to MVFA whenever you make an eligible purchase. The best part is that it costs you nothing. We hope you will check it out.

As for Byte News:

First, THANKS again to Candy Lupient for her years of dedicated service putting the Byte together. Secondly, we will soon offer the Byte online for free. Those of you who enjoy receiving a printed copy of the Byte will continue to receive it at the same subscription price. MVFA is currently exploring domain names for our new webpage, and we will keep you posted on the progress.

The next MVFA Board meeting will be June 4 th , 7 p.m., at Mosquito General – Store and Kitchen. Hope to see you there!
--

SCPOA

by **Connell Persico**

There is much to report from SCPOA as a result of activities over the past month. First and foremost is the road resurfacing project set to happen this summer. The roads included in the plan are:

Orval Beckett Ct.
Dogwood Ln.

Highgrade St.
Stope Ct.

Peycos Dr.
Tumeli Ln.

by Darcy Krieger

SCPOA

by Connell Persico

There is much to report from SCPOA as a result of activities over the past month. First and

foremost is the road resurfacing project set to happen this summer. The roads included in the plan are:

Orval Beckett Ct. Highgrade St. Peycos Dr. Dogwood Ln. Stope Ct. Tumeli Ln.

Start of Nugget Ct.
Lupin Ct.
Buckeye Ct.
Ponderosa Grove Dr.

Riffle Ct.
Pine Needle Ln.
Pawdick Ct.
Darr Ct.

Deer Park Ct.
Running Quail Ct.
Cedar Ct.

In order to accomplish this level of resurfacing work, the Board took the unprecedented action of allocating \$850,000 for this project. As a result, Association reserves will now be close to \$600,000. The Board is confident that level of reserves is sufficient to cover any emergencies that might arise.

The roads remaining to be resurfaced include:

Shilo Ct
Top of Lawyer Dr.
Cable View Ct.

Yankee John Ct.
Dyer Ct.
Deer Canyon Ct.

Highgrade Ct.
Slab Creek Ct.
Morton Ct.

The total costs for these remaining roads in the current bid were \$212,000. These roads become the components of the next road package put out to bid. As of now, we expect the work to be done during the month of July. We will use as many means as possible to communicate the schedule once it is set. You will see our maintenance staff (Jonathan and Kevin) doing preliminary work on the selected roads between now and then.

We should also note that between the April 16, 2015 approval of funds for adding water to Dyer Lake and the EID action of May 13, 2015 in which the use of potable water to fill ponds was forbidden, we had added approximately 40,000 gallons of water which raised the level at Dyer by 7 inches. We are unable to continue to add water as a result of the EID action.

Lynda Lima informed the Board at its April 16, 2015 meeting of her resignation as Association Secretary and made her departure official as of April 23, 2015. The Board is considering the alternatives available to it to replace her.

The Board passed a resolution in support of the Mosquito Bridge project, received current financial statements, and set up a process to understand and address the issues raised regarding the lot merger resolution it passed last year and other concerns regarding its notice and posting procedures.

Our next meeting is Thursday, June 18 at 7:00 pm at the Fire House. We look forward to seeing you there.

Water for Finnon Lake

by **Darcy Krieger**

On May 15th, Dave Angelo, Tom Harris, Ralph Hern and I met with El Dorado Irrigation District (EID) representatives, Bob Rice and Aaron Dinsdale, to discuss a proposal from EID to provide water to Finnon Lake. As many in the community know, the process of getting water from EID to fill Finnon Lake has dragged on for almost 4 years, although EID has a contractual obligation to provide water to Finnon Lake at no charge to MVFA. The situation is complex due to the need for an easement for a pipe and the need to de-chlorinate the water before adding it to Finnon Lake.

Buckeye Ct. Pawdick Ct. Cedar Ct. Ponderosa Grove Dr. Darr Ct.

Water for Fannon Lake

by Darcy Krieger

On May 15th, Dave Angelo, Tom Harris, Ralph Hern and I met with El Dorado Irrigation District (EID) representatives, Bob Rice and Aaron Dinsdale, to discuss a proposal from EID to provide water to Fannon Lake. As many in the community know, the process of getting water from EID to fill Fannon Lake has dragged on for almost 4 years, although EID has a contractual obligation to provide water to Fannon Lake at no charge to MVFA. The situation is complex due to the need for an easement for a pipe and the need to de-chlorinate the water before adding it to Fannon Lake.

It was a very fruitful meeting, and those of us in attendance left the meeting with the feeling that those issues which have bogged down this process will finally be settled with a final proposal to be agreed upon soon.

Lastly, we were very fortunate to have Ralph Hern in attendance, since he has extensive knowledge of Finnon Lake along with the details of the lengthy process involved with resolving easement and water issues. Hopefully, the long effort to refill Finnon Lake will soon be complete.

Next month's Mosquito Byte will provide a synopsis of the long history, dating to the 1800's, of providing water to Finnon Lake and the resulting contractual obligation El Dorado Irrigation District has for providing water to it.

No Fireworks This Year

Due to the drought, MVFA will not include 4th of July Fireworks in its schedule this year at Finnon Lake. The MVFA community picnic will be held at Finnon Lake however, on July 11th.

You may have noticed that the Colors were raised at Finnon Lake Campground and Mosquito General Store on May 16th - Armed Forces Day - in honor of our troops. The Colors will be lowered on November 11th - Veterans Day.

MVFA Yard Sale

by Tom Harris

Don't forget, the annual MVFA yard sale will be held this year on June 6th at the fire station parking lot from 8:00 am to 1:00 pm. MVFA is seeking donations of saleable items (please, no junk). One of our committee members will pick up items at your home, or you can bring them to the sale at the fire station on June 6th.

If you would prefer your own booth, space is available for rent for \$10 for the day. MVFA will provide a table, and you may bring your own items to sell. Booth fees and donations will benefit Finnon Lake projects. Donations may be tax deductible, and a letter stating your contribution will be provided on request. Unsold items donated to MVFA will be taken to Snowline Hospice.

Hot dogs, chips and a soft drink will be available for \$5.00 starting at 11:00 am.

NEWS FLASH: MVFA will be offering Finnon Lake Day Use Passes for Mosquito residents at the June 6th Yard Sale! The cost will be \$25 for 2015. That's half price for the half year. The pass will affix to the inside windshield, and permit unlimited day use activities like disc golf, fishing, boating, swimming and picnicking for residents of Mosquito fire district - who are automatically MVFA members. The pass does not include overnight camping.

The Trading Post will join the yard sale from 9:00 am to 11:00 am to further your shopping fun and coffee with scones pleasure. With live plants, soaps, veggies in season, baked goods, handcrafted jewelry, jams and jellies, etc., etc., you're in for a treat plus more bargains!

So, come enjoy the festivities on June 6 at the fire station!

For more information, to reserve a booth, or for item pick-up, contact:

Crafters

by **Sharon Hern**

ATTENTION LADIES (men too, if you want) –If you're a "crafter" or just one of us who can do simple (?) cut, paste/glue, paint, etc. jobs, you are encouraged to come join us at our Craft Meeting. There's the fun of learning new crafts, meeting new friends, coffee, and goodies. We will be finishing up our craft items for our annual summer craft sale at the Community Picnic on July 11th. Our next meeting is on **June 26th**. Our craft meetings are generally held on the 4th Friday of each month from **10AM to Noon** at the home of Darlene Rood, 2211 Swansboro Road. Hope to see you on the **June 26th**.

Mosquito Station 75 Firefighters Association

MS75 Firewood Raffle

Purchase raffle tickets during office hours at the Fire Station or contact Karen Pullin @ 209-765-8640. 1 cord on display at the Fire Station. The first 2 cords will be drawn on June 20th

Pancakes PLUS Breakfast at the Fire Station

Saturday, May 30th

Donation:

Adult \$8.00

Child (under 12) \$4.00

Child (under 5) Free

There will be a Kids' activity table, piñatas & games

Aircraft Display Days

By **Kim Purcell**

The Swansboro airport is home to many interesting aircraft both homebuilt and production built. We will be starting our display days again this year on June 19, 20 and 21 from 10:00 AM - 2:00 PM each day for unique as well as aircraft older than 35 years. Aircraft will be outside and you are invited to look but be sure to remain well clear of the active runway. Please also be respectful and look but do not touch without guidance from owners. If you have any questions you can contact Kim Purcell at 621-1049

Mosquito Road Clean-up Day

by **Tom Harris**

MVFA is again sponsoring a Mosquito Rd Cleanup Day. El Dorado County DOT scheduled the swing bridge closure this year from July 6-31, Monday thru Thursday during the day. Cleanup Day is tentatively scheduled for one day during the second week of closure from

Crafters

We will be starting our display days again this year on June 19, 20 and 21 from 10:00 AM - 2:00 PM each day for unique as well as aircraft older than 35 years. Aircraft will be outside and you are invited to look but be sure to remain well clear of the active runway. Please also be respectful and look but do not touch without guidance from owners. If you have any questions you can contact Kim Purcell at 621-1049

Mosquito Road Clean-up Day

by Tom Harris

MVFA is again sponsoring a Mosquito Rd Cleanup Day. El Dorado County DOT scheduled the swing bridge closure this year from July 6-31, Monday thru Thursday during the day. Cleanup Day is tentatively scheduled for one day during the second week of closure from

July 13-16. We will organize Volunteers into crews of 2-3 volunteers per section from Mosquito Cutoff Rd. to the bridge. Refuse bags and pick-up devices will be provided as well as transportation up and down Mosquito Rd. We will start as early as the road closes, and be finished by the time it reopens in the afternoon. A confirmed date with more details will follow. To volunteer, call Tom Harris at 642-2333.

WANTED!!!

ALL CA CRV ALUMINUM CANS, BEER BOTTLES AND PLASTIC WATER BOTTLES. Please drop off bags from 8-5 at the Fire Station. Please consider this option when you organize your recycled materials.

(Wine bottles don't have CRV! We can't use them)

This is a very important fund raiser for the Mosquito Volunteer Fire Association so
MVFA THANKS YOU!
