Chief's Corner

By Chief Eddie Dwyer

During this time of year our focus is on family, buying packages, toys and clothes, gifts for those we love. We try to remember all those who we love. We plan dinners, write lists, buy our holiday treats. We've hung the lights, decorated the house and Christmas Tree, or we prayed as candles were lit in remembrance of God's promise. But there are things we have forgotten, there are those who we did not take care of. The focus of the season became more commercial as we roamed the malls and shopping centers, fought the parking wars and cursed those who got to the parking space we were eyeing. This is typical, for us as people. We worked to get the perfect gifts for our children, our spouses, family and friends. We have stressed ourselves out. Why? Because we want to do the best for those who mean so much to us. But we forgot something, someone. There is always that doubt, "what didn't we do?" Who did we forget? What did we miss?

When I was young and even now, my favorite Christmas Show is "A Charlie Brown Christmas". As a Child I didn't understand the back story, I was enthralled by the music, by the fact that Christmas would soon be here. As I grew older, I began to truly understand the story.

Here was a boy of indomitable spirit, through adversity and failure he refused to see defeat. However, he lost his Christmas spirit. He lost his focus on the reason for the season. Through the story, he continued to seek "the meaning of Christmas", until Linus stepped in and spoke of the birth of Christ. The story of how God so loved the worlds that he sent his only Son so that we may all be given the gift of everlasting life. When Linus was finished, Charlie's spirit was bolstered by now understanding what Christmas is all about. With his heart full of the gift of the Spirit, he left. Carrying his little tree home, his spirit was assaulted once more when taking a Christmas ornament to adorn his little tree. The Tree bent and yielded to the weight of the ornament. Charlie quietly spoke to himself, "I killed it!" His spirit crushed one more time, he left the tree and went into his house.

Unknown to Charlie, his friends were also filled with the Spirit. They followed Charlie home. When they came upon the tree bent under the weight of the ornament, their hearts and their Spirit, shown brightly. "I never really thought it was a bad tree." Linus said. Then he wrapped his beloved blanket around the tree as all of Charlie's friends decorated the little tree and began to sing. The tree, now upright, full, and beautifully decorated, shone brightly as a hymn was being sung. As the music grows louder, a surprised and agitated Charlie Brown came out of his home. His anger quickly subsided as he took in the sight of the tree. And his Spirit restored yet again. It was restored by a simple gift of kindness. As the snow began to fall, Charlie Brown and his friends were lifting their voices to the heavens send a blessing to all, "Merry Christmas!"

What is Christmas? The Spirit of a gift given freely, given with love, given without expectation of return, given to bring light, color and happiness into someone's life. For Christians, it is a gift given that would lead to a great sacrifice and ultimately the greatest gift ever given. For those of the Jewish faith, it's a promise of restoration, for those of secular belief the meaning is hope!

The gift we give to others, does not necessarily need to be materialistic. A kind word, a simple gesture, looking behind you as you exit the store and holding the door for someone. For those in need, it's a simple donation to a food bank or a homeless shelter. A dollar in the Salvation Army's Red Kettle goes a long way. 90% of monies collected by the Salvation Army go to those in need.

We here at the fire station have received so much from the community. We have received your kind words, support and friendship. We have received plate after plate of goodies, cookies and candies. We want to give you a gift. Our gift is the promise to serve you all with all we have.

Most humbly and with great joy, we lift our voices in prayer and song. We wish and hope that you know and find what the meaning of Christmas is for you and that it brings you childlike joy, with loving memories of Christmas' past and new memories to carry you through the future. We wish you all, health, happiness and a prosperous new year. Sometimes the most heartfelt and meaningful words spoken are the simplest. Happy New Year to You!

**The next MFPD Board meeting is
Thursday, January 10th at 7 p.m. at the Fire Station.**

MVFA (Mosquito Volunteer Fire Association)

by Tom Harris

The annual MVFA Christmas Dinner was held on Saturday, December 8th, 2018. MVFA volunteers served a free turkey dinner to almost 150 residents and it was a great success! The dinner is held annually to show our thanks to the great members of our special Mosquito community, our superb fire department chief and personnel, and the great many volunteers who help make our community the best. Thank You!

MVFA extends its thanks to the many residents who donated food and toys for our annual Community Christmas Basket distribution on December 15th. You helped make a Merry Christmas for those residents less fortunate than us.

Nominations for representation on the MVFA Board were placed on the ballot during our regular Board meeting in November in accordance with the MVFA by-laws. Elections of these nominees took place at the general membership meeting on December 6th to prevent interference with the Christmas Dinner.

The board would like to welcome two new members, Andrew Gregory, MFPD Firefighter and Chris Dillender, MFPD Volunteer Firefighter and welcome back incumbent Tom Harris, MFPD Support Group Volunteer. The board would like to thank the two outgoing board members, Eileen Guell and Elisabeth Bingham, both of whom served on the MVFA board for four years and will continue to serve our community.

Because of its history, MVFA has always had strong ties to the Mosquito Fire Department. Former chiefs and fire fighters have been members of the MVFA Board of Directors. MVFA By-laws have ALWAYS specified giving fire fighters and support group personnel priority in the nomination process for membership on the MVFA Board of Directors. The other MVFA board members who also serve as volunteers on MFPD are Gary Morris, Kim Purcell and Linda Heyart's husband Nick.

If you wish to enhance your membership in MVFA or seek a position on the board, become a volunteer on one of our many committees - at Finnon or at any MVFA annual event. (For an events schedule, go to www.finnonrecreationarea.com and click on the "Events" page.)

MVFA maintains the Station 75 Fund - to which anyone can donate - and the money is used to buy tools, equipment, station improvements and other non-budgeted items at the Chief's request. At most MVFA fundraiser events taking place at the Fire Station, a portion of the proceeds automatically goes to the MVFA Station 75 fund.

If you can't volunteer, please consider a donation to MVFA. If you would like to donate, please send your check with a note specifying so to MVFA, 9009 Orval Beckett Ct, Placerville CA 95667. Or visit www.GoMVFA.org - major credit cards accepted. MVFA is a 501(c)(3) non-profit organization. Donations may be tax deductible, and a letter specifying the donation amount will be provided to you upon request.

If you have any questions about MVFA please attend the MVFA Board of Directors meeting at 7:00 pm on the first Thursday of each month at Frank's Diner 9100 Rock Creek Road, Placerville CA 95667. All board members can be reached by email at: mvfa95667@gmail.com. Fish and Wildlife committee chairman Dave Angelo can be reached at 530-621-3688. Campground & Property Committee chairman Tom Harris can be reached at 530-642-2333. Thank you for your support. Happy New Year from MVFA!

Notice: The views expressed in public, in the Byte or on social media by individual board members or other contributors may not represent the views or policies of the MVFA Board.

Please join us for the MVFA Board meeting on Thursday, January 3rd at 7:00 p.m. at Frank's Diner.

MVFA Christmas Baskets

by Dee Harris

Feeding the Community

A big thank you to my 'Cookie Angels' Sheila, Pam, Nese, Rusty and Florene, who baked such wonderful goodies to be included in the MVFA Christmas food baskets this year. So many people are in need of a little extra help and love during this time. A big thank you to the volunteers of MVFA who collect, organize and distribute these baskets to our needy neighbors. And thank you to the community who contributed to our food pantry.

Merry Christmas and wishes for a blessed New Year to all!

MFA - Mosquito Holiday Lights

by Johnny Valenzuela

The Christmas Tree Lighting tradition continued this year with a ceremony held at the fire station. The community gathered in the engine bay with fresh churros, cookies, hot chocolate and cider. The kids decorated their ornaments and watched **The Grinch** movie while the adults donned their holiday apparel and enjoyed each other's company. Thank you to all that joined us in this event and for all the continued support of the department and the community at large. Merry Christmas and Happy New Year!

Association Challenges Spark Remarkably High Interest to Serve on the SCPOA Board.

by: Roger Stenbock

Nominations closed December 14th for the four open seats on the SCPOA Board. At first it appeared that only one incumbent was willing to serve another term. Fortunately, in the last week, eight more folks were nominated to serve on the board. This is really good! The Association will have a more

choices from which to elect their board members. I thank them all, because without their service, Swansboro would not be this beautiful place here in the sierra foothills. Interestingly, all candidates were self-nominations! This unusually high level of interest to serve on the SCPOA Board appears to indicate that folks may want a change of direction. The candidates are:

- | | | | |
|--|--------------------|---|----------------|
| 1. Tom Best | 2. Rob Kirkpatrick | 3. David Blain | 4. Robert Keel |
| 5. Frank Surface | 6. Milo Laguna | 7. Scott Butler (Director) – Incumbent | |
| 8. Gordon Smith (Director) – Incumbent | | 9. Jerry Pullin (Treasurer) – Incumbent | |

The Challenge: Board members commonly are not professional board directors, accountants or attorneys, so they must by necessity rely on our management company for guidance. While the board meets just once a month, it is a big job! A lot of the work involves committee meetings, receiving input from the community members, working through the multifaceted problems, proposals, and recommendations, which are then forwarded to the board for consideration. Your board bears the responsibility for taking care of our finances and collecting our dues. They manage, operate, repair and maintain SCPOA's common areas, such as our lakes, parks and airport, owned in common by all the Association's property owners. Finally, the board can't please all its members all the time; there will always be differences in opinion how things should be done. The board may not, nor will I, endorse one candidate over another. You should make your own informed decision.

Financial Challenges: The board wrestled with and made some difficult financial choices during the recent past. As a result, members questioned some of the board's decisions such as: spending about \$35,000 on a non-budgeted playground; incurring excessively high legal expenses of about \$26,000; allowing budget overruns estimated to be between \$65,000 to \$90,000; budgeting 40% from the reserve account for employee payroll expenses for FY 19-20; making an approximated \$12,000 accounting error (assigning expenditures for recreational facilities to the reserve account), thus shorting reserves. They question the wisdom of spending surplus funds from last year, which may have put the association in a financially tight position going into the next year; reducing the contribution to the reserve account and a budget reduction in the contingency amount. Some view this as an effort to keep our dues artificially low.

Procedural Matters: Your board must operate under the provisions of the Davis Stirling Open Meeting Act (Civil Code 4900 *et seq.*). It ensures that all business, with a handful of exceptions, must be conducted in an open meeting session, allowing all members to attend. It is sometimes tempting, for efficiency sake, to meet with a smaller group in executive session. As a result, members were becoming concerned by some of the board's practices with respect to Civil Code 4900 *et seq.* An example is the board approval of expenditures in executive session. The board and the concerned members worked through these matters via an IDR (Internal Dispute Resolution) Agreement of December 4th, 2018. As a result, this and future boards, will conduct their business with more transparency. This is a big benefit to the Association. Thanks go to the participants for resolving the issues amicably.

The Firesafe Grant: Local organizations, such as MVFA, SCPOA, MFPD, including Station 75 Chief Eddie Dwyer, supported the effort to win a \$300,000 wildfire prevention/control related grant. The grant was written and coordinated by Chuck Schnell. A big thank you to all who made this possible. From the information available, it appears the grant is contingent on cash contributions of an annual \$40,000 from SCPOA and other in-kind amounts. The grant provides assistance to property owners to create and improve their defensible space for wildfire safety. It also assists with dead tree removal, chipping, cutting fallen tree limbs and splitting firewood. SCPOA, in their newsletter, cited a larger amount and different involvement in its acquisition. "\$420,000 Grant Awarded to Benefit SCPOA. SCPOA's partnership with the Mosquito Fire Safe Council...". As of this writing, it is not clear how the discrepancy between the \$300,000 and \$420,000 can be reconciled. Furthermore, so far, no details of

this “partnership” involvement was available, nor is it clear if the grant is for the sole benefit of SCPOA.

Election Politics: No doubt, there will be folks campaigning. There may be signs, meetings and opposing positions taken. As is always the case in even local politics, there will be lots of information distributed. Some of it may seem a little far-fetched. Consider all campaign information with a grain of salt and consider the source. It is better to dig down and examine the record for yourself than rely on hearsay and uncorroborated gossip. Ask yourself, what actually transpired? What was actually done? Was our money well spent? Were member questions and opinions taken into account in larger monetary decisions? Were board meetings transparent and productive? Who were the folks in charge? Did they appear to have an agenda? How did their votes and decisions affect our community?

The board has scheduled a Candidates’ Meet-and-Greet for January 5th, 2019, 1pm-3pm at the fire station. I encourage you to attend this event. Consider your questions based on the candidates past decisions, and their proposed agenda. When considering the merits of incumbent candidates, look at their decisions and voting record. Would you want them to repeat it and serve again? If you are evaluating new candidates, look at their past experience and their stated agendas. After weighing all the facts, then make your choice. Trust your instincts and cast your vote. It may not be perfect, but it will be the result of an objective consideration.

(Note: For greater detail see www.scpoa.info and www.scpoa-info.net. The foregoing is the sole opinion of the author and is not an official SCPOA report. Some information used with permission of the author)

The next SCPOA board meeting is Thursday, January 17th at 7 pm at the Fire Station.
