TAMANAWIS  
WILDCATS  
BASKETBALL 2022/23

2 Ayyan Butt; 3 Ekjot Bhatti; 4 Arman Samra; 6 Sunny Dhami;  
8 Gurtaz Mangat; 11 Tray Belanger; 13 Anand Sandhu; 15 Victor Cortel;  
20 Sayvic Dhami; 21 Najiem Woodfrinch; 23 Mantaab Dosanjh;  
24 Lenin Sanchez; Coach Aurel David; Assistant Coach Garry Dhami

*The Junior Boys are very excited heading into the upcoming season. Looking to continue after the success of the 2022 Jr Boys team this group of **young players are ready to make Tamanawis proud of them** on the court. Along with excellence on the court, the boys are working hard in the classroom as well. Returning player Sunny Dhami and Ekjot Bhatti will need to lead this team along with fellow grade 10 players Sayvic Dhami and Tray Belanger. The team will be looking to them for guidance on how to win in tough situations. As a coach, I am extremely proud of these young men, as they grow on and off the court. — Coach Aurel David*

The **2022-2023 Senior Boys Team** is looking to redeem themselves after what they feel was a down year for the senior program last school year. The returning senior players went to work starting last spring to improve their skill, fitness, and team play. They also got a push from a strong group of grade 10 boys who themselves felt like they could have done better last year in Junior Boys basketball. With that type of motivation both this year's grade 11 and 12 boys started to work together to make a strong push for the Provincials and prove to the province that **Tamanawis is still one of the top basketball programs in BC**. Coach Manny Dulay along with assistant coach Aurel David are very excited about this group as this may be one of the deepest teams in Tamanawis history, and even the province. With things going back to normal, coach Dulay had the opportunity to work with the boys during the off season on their skill development and team concepts. Even two-year-old coach Zayden Dulay has come out to cheer on the boys and give his feedback to them during the AAU season of play.

Tamanawis Basketball will greatly miss the Grade 12 Boys who graduated in June of 2022. These gentlemen brought our school a great amount of success in the 5 years they played here. Tamanawis would like to thank you for your hard work and remember you will always be part of the Tamanawis Basketball Family.

To be successful, the grade 12 players this year must be ready to take on a larger role with the team. The younger players are very talented and skilled but will still be looking to the grade 12's for leadership, work ethic, and the commitment that it takes to get back to the Provincial Championships. Joining the Senior basketball team will be 10 young and talented grade 11 players who will provide this team with scoring, hustle, and great defense; characteristics of what it takes to do well at the senior level. To be successful these young men will have to quickly adjust to the speed, size, and strength of playing Senior Boy's Basketball. The outlook for the season is very positive. The team is coming together well and is looking forward to challenging the best teams in the province. They will get these opportunities throughout the year, as the team is scheduled to play against some tough competition. With Surrey teams having won or played in the last couple of AAAA Provincial Championships, it will be a tough road to get back to the LEC. A vigorous schedule will have this young team ready to compete in the South Fraser Valley Championships and hopefully earn one of the 4 spots to the 2023 AAAA Basketball Provincial Championships.

You can follow our journey to the Provincials on social media.
