SCCY: CPX-3 .380 Auto Coming Soon!

SCCY's new CPX-3 is a strong choice for many shooters searching for a pistol designed for concealed carry duty. This gun remains comfortable for range days involving more than 100 rounds due to its polymer frame and grip, which can be held securely with two hands. The majority of metal components are machined from billet metal and the gun is made entirely in the US. The design, performance, and price of the new CPX-3 are truly unmatched. Contact your DCC representative for a special offer.

"I can find no other DAO semi-automatic pistol with a better cost-to-performance ratio than those offered by SCCY"
