## A MESSAGE FROM THE CEO:

Dear Friends and Partners,

As the CEO of H3M, I am proud to share with you an initiative that is a true reflection of our core values and mission. When we founded this company, we did so with a clear vision: to make a significant and positive impact on the world by fighting against financial crimes that undermine our society's foundations, while transforming the global fight against financial crime through technology.

Our commitment goes beyond providing cutting-edge Anti-Money Laundering solutions. We are dedicated to taking a stand against the crimes that fuel the need for such solutions in the first place. It is with great pride that we announce our pledge to donate 2.5% of our EBITDA annually to a curated list of non-profit organizations at the forefront of combating predicate offenses related to money laundering.

This initiative is not just about corporate social responsibility; it's about being an integral part of a global movement towards transparency, fairness, and justice. We believe that by supporting these organizations, we can help dismantle the structures that allow financial crimes to proliferate.

Each NGO we support has been selected for its unwavering dedication to making our world a safer, more just place. From fighting corruption and bribery to providing aid to the victims of human trafficking, these organizations are on the front lines, working tirelessly to bring about change. I personally invite you to be part of this meaningful journey. With every contribution, partnership, and step forward, we reaffirm our motto: to be Partners in Anti-Crime. Let us move beyond mere compliance and become architects of change.

**TOGETHER, WE CAN MAKE A DIFFERENCE.**

Warm regards,

Dr. Tolga Kurt

# LIVING IS TRENDING

SAFE Project was founded in November 2017 by Admiral James and Mary Winnefeld, following the loss of their 19-year old son Jonathan to an accidental opioid overdose. The Winnefelds immediately channeled their grief into action, hoping to save more families from the pain of loss. Whether it was seeking treatment, getting answers, or understanding the nature of the disease – they knew there needed to be a different solution to help other families facing the same journey with substance use disorder.

They swiftly built the SAFE Project team of experts who strive for meaningful action through our programs, and lead efforts that are unifying, non-partisan and evidence-based. SAFE seeks meaningful metrics that strengthen our interdependent six lines of operation, and ultimately aim to achieve SAFE Communities, SAFE Campuses, SAFE Workplaces and SAFE Veterans across the nation.
