

The Benefits of Remote Online Notarization for Signers

Convenience

Finally there's a way to have documents notarized from the comfort of your home at a low price! RON can be done from a computer and smart phone in just a few minutes.

Document Availability

Don't fret about keeping track of original paper documents or having electronic copies not being accepted. With RON, the document is just as legal in an electronic format.

Health (COVID) & Safety (Strangers)

RON provides a platform that ensures safety and comfort to everyone involved.

Security

- No paper documents
- Better identity authentication
- Encryption of data
- Tamper protection of docs
