Notes: Students will meet with their assigned teacher on an assigned day via zoom. We will keep zoom portals open for a full hour. Students will be given instruction during this time. Zoom portals will open again at the end of the day for checking in and additional instructions.

Mr. Ives will be sending home a PE packet.

Students will be required to work independently from 10:00 - 1:30 on class assignments. This block will include history which will be assigned via online or packets.

Students will be required to watch for emails with directions from their teachers, use google classroom as assigned, and complete assignments on prodigy, sumdog, etc.

Students are welcome to email teachers directly to seek help or set up a one-on-one appointment.

Mrs. Bear Eagle, School Counselor will provide a worksheet for the week for all middle school students that can be included in their packets. I will also provide my email if a student needs to contact me to talk, I can do so over email or set up a zoom for that individual.

Please let me know if you have any questions.

Thank you,
