

Dear Praying Partner,

As I sit here and reflect on this past month, I cannot help but be excited about all that God is doing. He is doing some incredible things in our ministry. He has added several new partnering Churches since our last letter. He is using you all, the prayer warriors to carry us to him in prayer. He is using the Churches that we are visiting to encourage us in the calling that God has given our family. He is using Pastors all over the United States to challenge me to be the best Man of God that I can be. God has allowed us to be in five states preaching and presenting our burden since our last letter. We stayed in Texas the rest of the month of June, and then were able to be in NC, KY, GA, and TN. God has put some incredible men in my life, and I'm so thankful for that. God has put some incredible women in my wife's life. It would be so easy to be discouraged by the process of deputation, if it were not for the Lord revealing himself through his people. I encourage every one of you that will read this letter, to pray like you've never prayed before. Keep encouraging missionaries like you are. Times of travel are getting harder, but I'm so thankful that I serve the God of All. He isn't bound by the same limitations we are. I want you to know Prayer Warriors that I thank God for you all.

Pray with us for our upcoming trip to NYC and Nj!

We will be heading up to NYC next week with our Pastor and his family. This will be their first time in New York. Would you pray as we show them the field that God has called us to. We know that its hard to truly understand the great need that the City has until your standing on the side walk in Jamaica NY, and thousands upon thousands of people are walking by you and the overwhelming majority of them have never heard a clear presentation of the Gospel. Most have never experienced the love of a Christian. We will leave NYC, and head over to Berlin NJ, to Solid Rock Baptist Church for the North East Vision Summit.

Pray with us for the People of NYC!

As political divide seems to be getting worse and worse, it seems that people cannot even come together on things that just make sense. Pray for the Leadership of NYC, and that they would stop politicizing things like the right to defend yourself. There was recently a bodega owner that was working and a woman and man came in and threatened him and even stabbed him with a knife. So he did what we all would do, he defended himself and his wife who works there also. The District Attorney for NYC has locked this man up in Rikers of all places because he defended his life. There is no doubt after watching the videos that if this man didn't do this that his life and his wife's life were in jeopardy. Pray for the Leadership of this city to come to the saving knowledge of Jesus Christ.
