Think of this packet like your DJ's GPS. If you want to arrive at an unforgettable night, we need clear directions.

Big moments (like entrances or first dances) hit harder when they're not rushed. Build in buffer time to breathe.

1. Set the vibe.

Tell us how it should feel.

5. Tag a spark.

One dancer can shift the room.

8. Guide, don't script.

You set the tone—we elevate it.

2. Allow flow.

Structure + flexibility = magic.

6. Speeches? Keep them crisp.

Impact lands best with pacing.

9. Mind the layout.

Close bar = fuller dance floor.

3. Share your no-plays.

Helps us steer clear.

7. Trust transitions.

We'll handle the flow.

10. Complete the planner.

Details = a dialed-in night.

4. Know your crowd.

Quick insight, better reads
