- 14 Collections must be displayed in some manner. Do not just bring a collection of items in a box or bag and expect it to get judged. Preferred maximum size of display is 3' by 3'.
- 15 Agriculture items are to be displayed on paper plates. The items are to be clean and fresh.
- 16 Floriculture items must be grown by Exhibitor. If displayed in vases, please use something with a wide base (no less than 2") to avoid knocking over. Ball canning jars work great for this. The vase is not a part of the judging! Attach tags to the vase and NOT to the flower.
- 17 Weights in floriculture and horticulture departments shall not exceed 25 pounds, unless the item is suitable to be displayed on the floor. Attach entry tag to container, not plant.
