

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

MOUNTAIN TOP PSD, WV3301205

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 7/1/2023 and 12/31/2023, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
53, WATER QUALITY PARAMETER M/R (LCR) ALKALINITY, TOTAL Required Lead & Copper WQP's Sample Results Not Submitted	7/1/2023 to 12/31/2023

What happened? What is being done? (Describe corrective action)

We completed our sampling on time. However, the lab did not analyse the sample within the required hold time.

We have completed and submitted routine samples since this incident to date
