#### WELCOME TO OUR OFFICE

It is with pleasure that we welcome you as a new patient. You need to remain in contact with your personal family physician or internist for the treatment of all medical conditions not related to diabetes.

Enclosed is a patient registration and health history form. PLEASE COMPLETE BOTH FORMS AND BRING THEM WITH YOU FOR YOUR INITIAL VISIT. Do not mail the forms. We also ask that you bring all your current medications. If you have had any recent laboratory testing, please have your physician send a copy of the results to our office prior to your appointment. Also, bring your medical insurance cards with you. If you are diabetic, please bring any records of blood sugars done at home.

The initial office visit includes a comprehensive health history, complete physical examination and consultation. This visit will usually last one hour. We participate with most insurances common to this area. Our staff will screen you for insurances when you call to schedule your appointment. We do not accept state insurance plans. Please keep in mind that our overhead costs are fixed and when patients don't keep their appointments, our costs are the same. Please try to give at least 48 hours notice if you are unable to keep your appointment.

Be assured we will give you our best advice, expertise, and medical care. We look forward to participating in your medical care.

Very Sincerely,

Ralph Cincinnati, CRNP Coleen Schmidley, CRNP Ravisha Bai, MD

**Directions to Our Office**
