Facilities

Bringing family to support? There is a cafe, as well as toilets on route and in the cafe itself. The route goes out to a lovely picnic area, so enjoy the weather after (hopefully!) and spend the day together.

Photography

We're no professionals, but we will try to snap as many photos as possible. If you do not want your photos taking, just let us know! :)

CURLY'S ATHLETES

What is Get Active Locally?

Get Active Locally was set up by Active Dales, and Derbyshire Dales District Council, to show people new routes, and ways to get active in their local area. Being active is so important to both our physical and mental health and we wanted to find you, fun, safe and local routes to be active upon :-). The route takes you out and back this time, so no second lap! The route has a small piece of grass, but wheelchairs and buggies can avoid the grass if they need too :-)

Your event ticket cost will also be donated to the park to ensure that future generations get to enjoy this fabulous park for many years to come!

Taking part virtually?

For all of our virtual runners, whilst we won't be able to see you across the line ourselves, we can't wait to congratulate you! When you have completed your 3k route, please drop us a message and show us your run route. Medals will then be posted out from the 2nd of April onwards.
